## STATE WILL INSIST ON DEATH PENALTY FOR WIFE MURDERER

Fred Dunn, 34, Who Killed Cordelia Dunn, 49, Likely to be Indicted For 1st Degree Murder

ARLINGTON MAN KILLS WIFE

Attempts Suicide by Shooting Himself in Mouth and Slashing His Neck With Pocket Knife

FIRE AT BROTHER IN LAW

Bullet Strikes Lee Rucker in Finger —Dunn Bought Revolver in Rushville Early Last Week

A charge of first degree murder will most likely be placed against Fred Dunn, murderer of his wife, Cordelia Dunn, and Prosecutor A. C. Stevens today stated that if such is the case, that the state will insist that Dunn pay the death penalty in the electric chair.

Dunn, who is 34 years old, fatally wounded his wife Cordelia, age 49 years, at her home in Arlington Saturday night about 10:30 o'clock, and then attempted to take his own life, which failed, and today is improving in the jail. The first shot he fired struck Lee Rucker, Mrs. Dunn's brother, in the finger, and Dunn said afterwards that he intended to kill Rucker.

That Dunn intended to do serious harm, and had probably meditated over the murder is revealed today, when it became known that he purchased the revolver earlier in the week in this city, not being able to make the entire payment until Saturday afternoon late.

Dunn, earlier in the week, went to the store owned by Sam Finney, in West Third street, and asked to look at revolvers. He decided on one that cost \$5.00, it being a second hand .32 calibre, Iver Johnson hammerless revolver. He told Mr. Finney that he was unable to pay for it, and made a payment of \$1.00 so that he would keep it until he got paid Saturday.

Mr. Finney stated that the man was not very talkative, but said that neighbors had seen prowlers, and that he wanted to be protected.

When asked his name, so that the gun could be held until paid for Dunn said he was "George Wernig." The description of the two cor-

## MEMORIAL SERVICES HELD HERE SUNDAY

Regret Over Untimely Death of the Rev. G. F. Sheldon is Expressed By Speakers

## RESOLUTIONS ARE HEARD

A large crowd which filled the main auditorium and extended into the Sunday school room, was present for the memorial services for the late George F. Sheldon, which were held Sunday afternoon at the First Presbyterian church, of which he was pastor until his untimely death at Fort Wayne resulting from an automobile accident two weeks ago today.

The Rev. M. M. LeCounte of Newcastle presided and represented the Whitewater presbytery. The principal address was made by the Rev. E. M. McKibben of Lane seminary, Cincinnati, who filled the pulpit at the church Sunday. He dwelt on the worth of a minister to the community and how they are missed, especially when death takes them so suddenly, as in the case of the Rev. Mr. Sheldon.

The Rev. J. T. Aikin, pastor of the First United Presbyterian church spoke as a representative of the Rushville Ministerial association, referring to the spirit of co-operation which the departed pastor had displayed during his short ministry here. The Rev. Mr. LeCounte read resolutions which were adopted by the Whitewater presbytery following the death of the local pastor.

ponded and while Mr. Finney was at supper Saturday between five and six o'clock, the gun was paid for in full, and a round of shells was placed in it.

Mr. Finney will probably be called upon to identify the man, who is held in jail, as it was the only gun sold on Saturday, and Dunn himself told Sheriff Jones that he purchased it Saturday afternoon, at the shop near the traction station.

Dunn, who was employed at the Park Furniture factory, boarded and roomed at the home of Eli Martin, 813 West Tenth street.

Mrs. Martin when interviewed today concerning the actions of Dunn, stated that he was very quiet around the house and when sitting on the porch, would vacate when other boarders would attempt to engage him in conversation.

He told her, she said, about his domestic troubles, and he had acknowledged to her that he had sometimes mistreated his wife.

According to Mrs. Martin, Dunn came home from the factory at noon Saturday, ate his dinner and left, telling her that he intended to see his wife that afternoon in Arlington. She said that he returned about ten minutes until six and ate supper, and told her that he had seen his wife, but did not speak very encouragingly of his visit.

Mrs. Martin stated that following their supper, she asked him if he was going down town, and he told her that he was, and when Mr. and Mrs. Martin returned from town, he was not in his room, and a light was left for him. Mr. Martin turned out the light at two o'clock Sunday morning, when Dunn had not made his appearance.

The grand jury has been called for Saturday at which time the murderer will be investigated, which will no doubt result in an indictment of first degree murder, according to Mr. Stevens, indications pointing to the fact that the murderer was previously thought out by Dunn.

Two weeks ago last Saturday, Dunn was arraigned in Squire Stebb's court to answer to a charge of surety of the peace, which was preferred against him by his wife. He had been held in jail here for several days, awaiting the trial, and when the time came for the trial, he entered a plea of guilty.

Because Dunn was not very well known, it would have been hard for him to have given a surety of peace bond, and as the grounds for the action were not sufficient to hold him in jail for a year, he was allowed his freedom, upon condition that he not molest his wife, who was to reside with her brother, Lee Rucker, in Arlington.

Dunn was then employed at the Park Furniture factory in this city, and worked there up until noon last Saturday. It is said that he went to Arlington Saturday afternoon, and returned here after supper, and purchased a .32 revolver from Sam Finney, and then went back to Arlington.

About 10:30 he went to the house where his wife and her brother, Lee Rucker, were living and looked through a side door, and it was from here that he fired his first shot, which glanced and struck Rucker on the end of an infected finger.

Dunn then jumped through a window and entered the room threatening his wife, Iris Gardner, 17 year old daughter of Mrs. Mabel Gardner who lives in the other half of the double house, was present and tried to prevent him from shooting the woman. Dunn fired another shot, and this time it entered the left jaw bone of his wife, and a second shot fired immediately afterwards entered about an inch below her temple, and lodged in her brain, death resulting five minutes later. She never regained consciousness.

Dunn, who saw what had happened, held the revolver in his mouth and fired a shot in an endeavor to commit suicide. The shot, however, failed to be effective and penetrated his jaw bone, knocking out three teeth, the bullet lodging in the roof of his mouth.

He then took a pocket knife from Continued on Page Three

## FUNERAL IS INDEFINITE

Services For Mrs. Dunn Tuesday or Wednesday Afternoon

Funeral services for Mrs. Cordelia Dunn, who was shot and killed almost instantly Saturday night at her home in Arlington, will be conducted either Tuesday or Wednesday afternoon, depending upon the arrival of her two daughters, who reside in Niagara Falls. Mrs. Dunn was 49 years old and would have been 50 next month. She is survived by two brothers, Thomas Rucker of Mt. Clemens, Mich., and Lee of Arlington; a half brother, Jesse of Greensburg, and two daughters, who married brothers of Fred Dunn, who is in jail here. The daughters are Mrs. Mary and Mrs. Minnie Dunn. The services will be held in the Arlington M. E. church, either Tuesday or Wednesday afternoon with burial in the Arlington East Hill cemetery.

## FORMER RUSHVILLE WOMAN IS INJURED

Miss Jane McCarty, 72 is Run Down by an Automobile in Cincinnati Where She Lived

## INJURIES MAY PROVE FATAL

Miss Jane McCarty, age seventy-two years, formerly of this city, was run down by an automobile in Cincinnati last Friday and probably fatally injured, according to word received here Sunday by George Altman.

The news was sent by Frank Roosa, former Rushville druggist, who now lives in Cincinnati, in the form of a newspaper clipping, which says that Miss McCarty, after stepping clear of an automobile at Second and Vine streets, was struck by another automobile driven by Julius Lipsky of Cincinnati. She was removed to the general hospital, according to the newspaper, where physicians found she had a fracture of the collar bone, possible fracture of the skull and hip, multiple contusions and lacerations of the scalp.

Miss McCarty was employed as a waitress at the Emery hotel in Cincinnati. She and her brother, Joe McCarty, left Rushville several years ago to take up their residence in Cincinnati.

## ALVA JONES HELD ON SERIOUS CHARGE

Goes to Jail in Default of \$2,000 Bond When Arraigned in Circuit Court Today.

## CASE FOR TODAY DISMISSED

Alva Jones was arrested shortly after noon today and arraigned before Judge Sparks on a serious charge being signed by Ralph Pearsey, a relative of a 13 year old girl. Jones entered a plea of not guilty and went to jail on default of \$2,000 bond.

Jones is said to be employed in Connersville, and the girl is said to be a sister of his wife. The charge is of a most serious nature, and in case of a finding of guilty, embodies a prison sentence.

A case was ready for trial this morning in circuit court, when it was dismissed and the costs paid. It was the suit filed by Garnett Smiley against his father, William Smiley, on a complaint for damages demanding \$250 judgment. The case involved certain garden products that were sold from a tract of land. Most of the morning was spent in obtaining a jury, and when it was ready to be sworn in, the two parties perfected a compromise, and the case was dismissed.

A cross complaint filed last week by Gladys Marie Margison, defendant in a divorce complaint filed by James Margison, was dismissed in court today.

## WOMEN CAN'T BE PRAISED ENOUGH

They Are Entitled to Utmost Credit For Success of County Picnic Last Friday

## CHAIRMEN ALL WORKED HARD

More and More People Are Realizing Its Value in Shaping Destiny of Rush County

The view was expressed today that too much credit could not be given the serving committee of one hundred and eighty women who were responsible for the fried chicken dinner at the county picnic last Friday. To Will L. Brown, Rushville township chairman and men's chairman of the committee, and Mrs. Bert Davison, chairman of the women's committee, fell the responsibility of making a success of the dinner, and how well they did it is a matter of history which will long be remembered in Rush county.

They have received many compliments from all parts of the county for their part in the undertaking, and each one of the one hundred and eighty women also has been showered with congratulations for pulling together and making the dinner party the success that it merited.

The warm feeling over the county for Fred Bell, president of the Rush County Farmers association, is also expressing itself in tangible form because the picnic is being discussed in every community and the more it is discussed, the more people are beginning to realize its importance in shaping the destiny of Rush county.

Without exception every community in the county was represented at the picnic and from all of these Mr. Bell and members of his organization, as well as the wives of the farmers who worked so hard to make the picnic go, are receiving the thanks and congratulations which they so well merit.

"I do not only feel repaid for the work I did," said Mr. Bell today, "Continued on Page Six

## PROBE TO BE REOPENED

Members of Campaign Funds Investigating Committee in Squabble

(By United Press)

Washington, D. C., Sept. 20.—The senate investigation of campaign funds will reopen here Wednesday, Senator Kenyon announced on his return to Washington today.

A long list of witnesses has been summoned. The committee hopes to complete its work within a week.

A controversy was in sight between the republican and democratic members of the committee over the future trend of the inquiry, the democrats wishing to continue the investigation of Cox's charges.

## FRANKLIN WOMAN IS SERIOUSLY INJURED

Mrs. Otto Williams, Formerly of This City, Hurt in Accident Near This City Sunday

## LIGHTS BLIND AUTO DRIVER

Mrs. Otto Williams of Franklin was seriously injured in an automobile accident early last night, when the machine driven by her husband was run into by another machine, near the Pleasant Ridge church on the Shelbyville road, just southwest of this city. The extent of Mrs. Williams' injuries were not learned today, other than that she was in a serious condition in a hospital at Shelbyville where she was taken following the accident.

Mr. and Mrs. Williams and Mr. and Mrs. Sam Frye, all of Franklin had spent the day in this city with Mr. and Mrs. Ed Short, 211 West Second street, and left here about six o'clock. It is presumed that the accident happened about 6:30 o'clock.

A machine coming in his direction is thought to have blinded Mr. Williams with its lights and both machines collided head-on, badly damaging both machines, and throwing Mrs. Williams out of the car. A passing machine took her to Shelbyville, but today Mrs. Short here had not received very definite information concerning her injuries.

Mr. and Mrs. Williams formerly resided in Rushville.

## C. S. BLACK RETURNED TO ST. PAUL'S CHURCH

Some Changes Are Made in M. E. Pastorates of County by Indiana Conference Assignments

## WALKER IS SUPERINTENDENT

The Rev. Clyde S. Black was returned to Rushville as pastor of St. Paul's M. E. church, according to a United Press dispatch received this afternoon from Vincennes, giving a list of assignments in the Connersville district, at the closing session of the Indiana conference.

Dr. J. M. Walker was reappointed district superintendent and will make his home in the district parsonage recently purchased here. The Rev. R. A. Ulrey was assigned to the Arlington circuit, succeeding the Rev. F. M. Westhafer, who retired, and the Rev. Arthur Jean was sent to Carthage, following the Rev. Daniel Ryan. The Rev. E. T. Taylor was returned to the Glenwood circuit and the Rev. M. E. Abel to Manilla. The Rev. G. G. Pickett was assigned to Milroy, succeeding the Rev. C. C. Cross.

Other assignments are: Laurel, Oscar Jean; Waldron, R. O. Pearson; Clarksville, W. C. Watkins; Connersville—First church, W. F. Russell; Grand Avenue, L. H. Kendall Main Street, J. R. Flanagan.

## SMALL BOY BREAKS ARM

Oliver Mock, Jr., son of Mr. and Mrs. Oliver Mock, living northwest of Rushville, fell off a step-ladder at his home last Friday afternoon and suffered a broken arm. The bone in the left arm between the elbow and the wrist was broken.

## BROWN BACK FROM A WESTERN TOUR

President of Farmers' Association Returns From Making Month's Study of The West

## GETS VALUABLE INFORMATION

First Big Step He Says Is to Perfect a Close up Organization in Way of New Members

Indianapolis, Ind., Sept. 20.—John G. Brown, president of the Indiana Federation of Farmers' Associations returned during the last week from a month's tour of California and the Western states with a party of farm bureau leaders especially commissioned by their respective state organizations to make a study of co-operative marketing systems used so effectively in that region. The Western trip was highly successful and the delegates gained much valuable information which will be reported back to the state units, and from which it is hoped that a plan can be worked out whereby the staple products of the Middle West, including grain and live stock, can be marketed on a more equitable basis serving as a benefit to both producer and consumer.

"The first big step in the solution of the problem," said President Brown, "is to effect a close up organization in the way of membership. Before tackling any co-operative plan which would necessitate the solid backing of all of the grain producing and live stock producing states of the country, it is absolutely necessary that our membership in all of these states be brought up to the highest possible point. Dealing with several million farmers on a co-operative marketing plan presents quite a different proposition than where a special commodity is being handled through an organization which represents only a few thousand producers such as we found in California. By this I have reference to the nut growers, citrus growers and various other growers who have organized and are marketing their products with success. It has been taken up there by communities because these do not have a close relation with each other."

President Brown said that while the delegates gathered quite a bit

## TO ENTER HER PIG IN STATE CONTEST

Annetta Wissing, Age 10, Who Won Sweepstakes at Manilla Show, To Try For Higher Honors

## PIG GAINS 22 POUNDS A DAY

The pig with which Annetta Wissing, ten years old, won the first prize for Walker township, and the sweepstakes in the pig feeding contest which ended with a show at Manilla Saturday, made an average daily gain of two and two-tenths pounds for 136 days, the period during which the contest was conducted. It weighed 74 pounds when entered.

The Wissing girl is not content with local honors but will enter in the state pig feeding contest, and it is believed that she stands a good chance of winning or finishing close to the top.

The Manilla bank, which offered prizes amounting to \$125 for Orange and Walker townships, announced Saturday that the same contest would be held next year and that it would also be open to entrants from Union township, Shelby county. Prizes were offered in this township this year but there were no contestants.

Russell G. East, Shelby county agent, who was judge at the show, said that it was the best bunch of club pigs he had ever seen. It is expected that club work of this character will be sustained in Walker township because the township has a vocational teacher, Carl Miller, who will keep the boys and girls of the township interested.

## BURIAL HELD TODAY

An infant child of Mr. and Mrs. Burton Robbins, who live in the western part of the city, was buried this afternoon in East Hill cemetery.

## NEW SALEM WINS SUNDAY

The New Salem base ball team defeated the Laurel team yesterday by the score of 7 to 4. The game was played on the New Salem diamonds and was a fast one throughout.

## Foley's Honey and Tar COMPOUND

CLEAR THE THROAT of phlegm and mucus, stops that tickling, opens the air passages for easier breathing and coats the raw, inflamed surfaces with a healing, soothing medicine.

## Grateful Father Tells What It Did

W. E. Curry, 130 Up 6th St., Evansville, Ind., writes: "I have a little girl 6 years who has a good deal of trouble with croup. I have used Foley's Honey and Tar Compound and obtained instant relief for her. My wife and I use it whenever both of us with a bad cold or cough, and I will say that it is the best remedy for a bad cold, cough, throat trouble or croup that I ever saw."

Parents who use Foley's Honey and Tar know it is safe and no harm will come even if an overdose should be given by accident. It tastes good and children like it. It won't upset the delicate stomachs of young children, delicate persons or elderly people.

## BROWN BACK FROM A WESTERN TOUR

Continued from Page One of information which might serve as a working basis to evolve a system which could be adapted to the conditions as they are presented in the Middle West, that in his opinion he believed that the farm products would have to be marketed as a whole in this region rather than by commodities. He pointed out that the Middle West was a large producer of staples which are annual crops and which may be changed from one year to the other. "If we should stabilize wheat for instance," said Mr. Brown, "it might soon become such an attractive crop as to cause producers of corn, oats, etc., to go into wheat growing, with over-production and its resultant evils. We must maintain some kind of balance. The whole proposition needs much thought and study."

Eleven counties in the state started membership drives during the last week conducted under the uniform plan system as adopted by the state body. The eleven counties to start these drives together with the state organizer assigned to each follow: Franklin, F. H. Tippey of Marion; Dearborn, C. F. Patterson of Tipton; Morgan, J. G. Covert, of Franklin; Vermillion, W. R. Oyler of North Vernon; Tipton, M. J. Briggs, of Macey; Knox, W. D. Shelby of Charlestown; Gibson, C. F. Boxell of Marion, Bartholomew, J. A. Driscoll, of Liberty; Clark, H. A. Hacker of Franklin, and Jasper, C. S. Masterson of Greenfield. C. A. Sims and Joe Ratliff worked in Brown county and reported that excellent results are being obtained in the county which will put the state 100 per cent organized.

The executive committee, composed of John G. Brown, Maurice Douglas and E. E. Reynolds held an important meeting during the week at which considerable business which has accrued in the absence of President Brown was disposed of and plans formulated for the second annual state convention to be held in Indianapolis in November.

## PARK TEAM WINS

The Park Furniture Company's baseball team walked away from the C. E. Francis Company's team Saturday afternoon, by the one sided score of 27 to 12. Hahn, a new pitcher for the Park team had everything his own way and struck out 19 batters. Yazel, for the losing team struck out six batters. The battery for the Park team was Hahn and Goodin, and for the Francis team, Yazel and Israel.

Fall and Winter Apples now on sale at packing house.

## ARSENICALS FOR KILLING WORMS

Annual Loss From Cabbage Pest Conservatively Estimated at \$1,300,000.

## NOT DIFFICULT TO CONTROL

Arsenate of Lead and Paris Green Are Preferable to Other Poisons Number of Sprays Depends on Conditions.

(Prepared by the United States Department of Agriculture.)

Arsenicals are being generally used to control the cabbage worm. There are now few instances of the total destruction of crops of cabbages as was formerly often the case. Nevertheless, a conservative estimate would place the present annual loss from this pest to cabbage alone—not including cauliflower and other related crops—at \$1,300,000, or one-tenth the value of the entire crop.

The cabbage worm is not difficult to control, and it should be borne in mind that most other cabbage pests, more often present than not, will be controlled by the same methods.

## Poisons Preferred.

Repeated experiments have shown that arsenate of lead and paris green are preferable to other arsenicals in common use. If paris green is used, it may be applied either wet or dry, preferably, however, as a spray, at the rate of one pound to 50 gallons of water. The plants should be free from insect attack when they are set out and should be sprayed a few days later to make sure that the poison reaches the young caterpillars before they have burrowed far into the heads. Other applications should follow as inspection of plants shows that they are necessary.

These applications of arsenicals can be made with absolute safety even after the heads are formed, as the poison disappears from plants almost completely within two to three weeks after application, and even earlier in event of repeated or heavy rainfall.

## Increased Cost.

Scarcity of paris green has increased the cost. Arsenate of lead has been rapidly superseding paris green and other arsenicals as an insecticide and

The Sort of Gardens Which Have Been Planted in Thousands of Communities This Year.

has not increased proportionately in price. For many reasons it is preferable.

It serves the same purpose as paris green and is applied in the same manner. It is sold both in paste and in dry powder form. Two pounds of dry arsenate to 50 gallons of water or bordeaux mixture will make a solution of sufficient strength to destroy cabbage worms and similar insects. The paste form must be used at double strength, four pounds to 50 gallons of water.

The number of sprays depends on local and seasonal conditions. Sometimes a single spraying will suffice, but usually two or three are necessary. The adhesiveness of the spray material is promoted by the addition of about the same amount by weight of resin fish oil soap as of the arsenical used.

## DIG UP OLD RHUBARB STALKS

Divide Roots Into Pieces of Two or Three Eyes Each and Start Entirely New Patch.

After rhubarb has been planted four or five years the stalks become so thick that they are too small to sell well. It is then best to dig up the roots and divide into pieces of two or three eyes each, which is enough for one hill, and start a new patch. Another good way is to dig up all the hill but a little corner which is left undisturbed, then fill the hole from which the roots were taken with well rotted manure and cover that with earth. The piece of root left in the ground will make a surprising growth the same season.

## EXCELLENT CROP INSURANCE

Spraying Must Be Done at Right Time and in Proper Manner for Nice Clean Fruit.

He who does not spray his fruit crop for insects and disease has no right to expect nice clean fruit in the autumn. Spraying at the right time and in the right way is splendid crop insurance.

# Castor Oil Now Made Tasteless

Remarkable Process Perfected by  
Chemists of Spencer Kellogg &  
Sons, Inc.

Nobody ever dreamed that the nauseating taste could be removed from castor oil. Yet it has been done. Chemists of Spencer Kellogg & Sons, Inc., one of the world's largest manufacturers of castor oil, have perfected a wonderful process whereby castor oil is freed from all nauseating taste. Strength and purity remain absolutely unchanged—a 100% pure castor oil; the same castor oil that your doctor prescribes, but with the nauseating taste eliminated. Think what a boon Kellogg's Tasteless Castor Oil is to children and even grownups. Sold by all druggists. If you want a castor oil absolutely without nauseating taste, insist in genuine laboratory filled bottles, plainly labelled Kellogg's Tasteless Castor Oil. Three sizes 15c., 35c., and 65c.—(Advt.)

## Personal Points

Mrs. Laura Newbro left yesterday for a visit with Mrs. George Pierce at West Baden.

Mrs. Lon Link returned home Saturday from spending the summer at Bay View, Michigan.

Mr. and Mrs. A. G. Messick of Marion, Ind., spent Sunday in this city, the guests of home folks.

Mr. and Mrs. E. L. Outland of Orange spent the week-end in Richmond, Ind., the guests of relatives.

Hollis Boldman of Detroit, Mich., is visiting his mother Mrs. H. W. Sheppard, in this city for a few days.

Miss Marjorie Clark of this city and Miss Helen Bell of Mays, will leave tomorrow for Nashville, Tenn., where they will enter Ward Belmont, a college for young women.

Mrs. Jane Kincaid, Mrs. G. W. Skipton and Mr. and Mrs. Will O. Feudner drove to Greenfield Sunday night where they attended a lecture on Christian Science.

Mrs. Mary Walton and daughter Ada have gone to Indianapolis to spend several days visiting her daughter, Mrs. John Scott and family and other friends and relatives.

Mr. and Mrs. E. M. Starr who have been spending their honeymoon in Chicago, returned to the home of the bride's mother, Mrs. Ida McKee in Orange last evening.

State Will Insist on Death Penalty For Wife Murderer

Mrs. George Aultman has returned from a week's visit with Mrs. Daubenspeck at Warsaw.

Mrs. Jessie G. Schmidt of Kanakakee, Ill., is the guest of Mr. and Mrs. M. V. Spivey and other friends in this city.

Mr. and Mrs. Carl Beher and Mr. and Mrs. Ed Gwinup spent yesterday in Richmond, the guests of relatives.

Mrs. Lola Ridder of Vincennes, Ind., spent the week-end in this city, the guest of Mrs. H. W. Sheppard of East Ninth street.

James Caldwell, a student at Purdue at Lafayette, spent Sunday with his parents, Mr. and Mrs. F. A. Caldwell of this city.

Mr. and Mrs. George Alexander and family returned to their home in this city Saturday after spending several weeks at Bay View, Mich.

Mrs. J. E. Whelan who spent the week-end in Orange, the guest of Mr. and Mrs. J. F. Ryan, returned to her home in Connersville this morning.

Mrs. Jane Kincaid, Mrs. G. W. Skipton and Mr. and Mrs. Will O. Feudner drove to Greenfield Sunday night where they attended a lecture on Christian Science.

Mrs. Mary Walton and daughter Ada have gone to Indianapolis to spend several days visiting her daughter, Mrs. John Scott and family and other friends and relatives.

Mr. and Mrs. E. M. Starr who have been spending their honeymoon in Chicago, returned to the home of the bride's mother, Mrs. Ida McKee in Orange last evening.

Continued from Page One

his pocket and slashed his throat in several places, finally running it in his throat, just below the larynx. With the knife sticking into his throat, he fell unconscious, face downward, forcing the blade of the knife through the lower part of his mouth.

Mrs. Dunn's small grandson, who is eight years old, was in the room and witnessed the shooting, and screams could be heard for several blocks. Dr. Finlaw and Dr. Shaeck were called but Mrs. Dunn was dead by the time that they arrived.

Sheriff Jones and Deputy Hugh Jones arrived soon after the shooting, and brought Dunn to the Dr. Sexton hospital where his injuries were dressed, and at two o'clock yesterday morning he regained consciousness in jail.

Mrs. Dunn had been married three times, and for the last six years had been living with her husband in Buffalo, N. Y., returning here last May. Dunn stated to Sheriff Jones Sunday he did not want to tolerate her brother, who was living at Dunn's expense.

Dunn said that they lived very well together in Buffalo, but because of the climate his wife insisted on returning to Rush county, and they arrived here last May, and took up residence in Arlington. It was here, he told Sheriff Jones, that Rucker became a nuisance, and that the cause of his motive Saturday night was to "get Rucker," and not his wife.

Dunn talked freely in jail yesterday about the night before, and his injuries which were at first thought to be serious, were healing today, and his recovery is looked for, unless complications arise.

## STAGE PITCHER'S BATTLE

Arlington Nor Brookville Able to Score Until 9th, Latter Wins

The Arlington Red Sox lost to Brookville by the score of 3 to 2. The game was a pitcher's battle between Huddleson of Arlington and Cooley for Brookville. On account of a poor decision said to have been made by the umpire, Huddleson walked out in the seventh, and Bachlor took the mound. Neither team scored until the ninth inning, when Arlington put across two, and Brookville three. Next Sunday Arlington goes to Batesville where a double header will be staged. Huddleson, Lewis, Michaels will be ready for Arlington to pitch the games.

## SELLS GLENWOOD AGENCY

Herschel Peters, Standard Oil agent at Glenwood, has disposed of the agency to Glen Thatcher, who will hereafter be the agent in that vicinity. It was conducted on a commission basis and the agent owned the motor truck.

## TRIAL POSTPONED

A case for possession filed by Mary Locke against Will Campbell in Squire Stech's court, which was set for trial this morning in that court, has been postponed until Saturday on account of the illness of the plaintiff.

36 APPLICANTS TO  
APPEAL FOR CLEMENCY

State Pardon Board Opens Its  
Meeting Here Today and Will  
be in Session Four Days

8 LIFE TERMERS IN LIST

Indianapolis, Ind., Sept. 20.—Eight life termers were among thirty-six applicants who appealed for clemency before the state pardon board, which opened its meeting here today.

Among the life termers asking for pardons are: Pellegrino Turechi, Clinton county sentenced November 1910 and Garfield Bohall, Jackson county, sentenced December 1910.

The other applicants included:

Raymond Heck, Shelby county, two to twenty-one years for perjury; Virgil Hunt, Clinton county, one to fourteen years, larceny; Joseph Houser, Huntington county, forgery; Hoyt Eakins, Vanderburgh county, one to fourteen years grand larceny; Jesse Wolf, Shelby county, two to twenty years, grand larceny; Hobart Hubbell, Morgan county, ten to twenty years for burglary; Merlin Yocom, Wills county; Ray Hays Lake county, two to fourteen years for burglary; Ernest Hill, Lake county, two to fourteen years, robbery; Lloyd Hagg, DeKalb county, petit larceny; Donald A. Stanley, Bartholomew county two to twenty years for aiding prisoners to escape; Walter Shiely Wells, county, ten to twenty years for burglary; John Huston, Vanderburgh county, life term and Donald L. Storm, Lake county.

The case of Herbert Holley, of Huntington county who was sentenced to serve from two to four years will be reopened.

The board will be in session four days.

## TO DISCUSS LEGISLATION

Great Chief of Records Hobbs to Address Red Men Here

Much interest is being manifested by the members of Tanah Tribe of Red Men in the jubilee meeting that is to be held in their Wigwam on Tuesday. The local tribe had one of the best degree teams in the state during the last season and plans are under way for a reorganization that will bring attention to the team this year from all the Great Chiefs.

At the meeting to be held on Tuesday, Arch H. Hobbs, Great Chief of Records, will discuss matters of legislation that are to come before the Great Council of Indiana next

## CITY HEARING SEPT. 28

Hearing on the petition of the city of Rushville for authority to increase rates for water and electric power has been set for Tuesday, September 28, at 10 a. m. in the rooms of the public service commission in the state house, Indianapolis. E. I. Lewis, member of the commission, will conduct the hearing.

## TWO MARRIAGE LICENSES

The following marriage licenses have been issued: William T. McDowell of Knightstown and Letha Alice Foster, a glove factory employee of this city, and daughter of Mr. and Mrs. Alonzo Foster; Albert Ballard of this city and Julia Neal, daughter of Mrs. Carrie Neal, also of this city.

## Farmers The Victims

The federal department of labor's bureau of statistics is authority for the statement that twenty-seven of the forty-three standard articles which make up the American family's market basket declined in price in the month ending August 31. This is good news and may there be more of it.

Previous to this time government drives on the high prices of food have accomplished nothing for the consumer but have served only to reduce the price received by the producer and have cost the farmers of the nation millions of dollars.

In July, 1919, for example, No. 2 corn was quoted in the Chicago grain market at \$2.19 a bushel. A year later the same corn was selling for \$1.56 a bushel a decline of twenty-nine percent. In a corresponding period the price of hogs decreased thirty-three percent and wool forty-three percent. No other cause for the unusual drops can be found.

At the same time the prices of these commodities when they reached the consumer had actually increased anywhere from twenty-four

## About To Give Up His Job When He Heard Of Dreco

Muncie man had a tired, no account feeling every morning and had taste in his mouth. Often had dizzy spells. A friend recommended Dreco and now he is on the job, feeling as well as ever.

"I'm mighty glad a friend of mine told me about Dreco, for I was about to stop work and go home for I felt so bad," said Mr. George Stowe, who lives on South Ohio Ave. Muncie, Ind.

"Every morning I'd get up feeling tired, stretchy, no account and with a nasty taste in my mouth. Often at work I'd get so dizzy that I'd have to sit down till it passed off. One day a friend of mine advised me to try Dreco, for lots of people around here were praising it so highly. He had taken it himself and it had done him a lot of good, so I got a bottle."

"This Dreco went right straight to my liver and worked it off which put a stop to those dizzy spells, headaches, and foul taste in my mouth. Every morning now I roll out feeling great, full of energy and fit for work. I feel better than I have in months, so it is easy to see why I am recommending Dreco to others."

All druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson & Co.—Adv.

to forty-eight percent, when they were decreasing at the source of supply.

This is a condition which should not exist and the report of the department of labor at least holds out a hopeful sign. The retail price of potatoes fell off forty-four percent, the report says, and sugar prices went off during the thirty-day period fourteen percent. It is high time that the consumer was feeling some relief, especially in view of the fact that the producer has been feeling the effects of declining prices.

"Forget the war" and "Forget Maine" are two things democratic speakers strongly admonish. But the people are not going to forget that Maine points the way to a big republican victory in November and that the war extravagances of the national administration provide one of the reasons.

The next county picnic ought to be arranged so that everyone could participate—not only in the eating, but in the providing of the food as well. Anyway, it would be a mistake not to keep alive the good spirit which was found last Friday to be prevailing among the people of Rush county.

John Dyer had a happy way of referring to farmers as country business men—and the average person is coming to understand that running a farm requires as much business ability and judgment as operating any other kind of business.

Candidate Cox has loosed off fifteen million, declaring at San Francisco Saturday that the republican campaign fund would not be less than \$15,000,000.

It may not be deducted that Ed Fisher, the eccentric who warned New Yorkers of the Wall Street bomb explosion, was a crank simply because he played tennis.

Hunger striking is getting to be a fad and it might be one way of escaping the high cost of living.

**Current Comment**

Still Talking Tariff  
(Los Angeles Times)

Senator Harding is of the opinion that the tariff will be an issue in the present campaign. He is right about it, at that. The tariff may be a prosaic and tedious issue, but conditions may make it an important one. If the American workmen are to maintain the high standard of wages the tariff will be necessary when the rest of the world is hard at work and seeks America as a market. Labor costs are much less in the old countries and we cannot compete with Europe on a purely man-power basis—at least while suffering from union stagnation. Furthermore, with government costs so high and tax burdens so onerous it is a wise policy which would make the importations pay as great a proportion of this excess as possible. Adequate import duties on the luxuries and nonessentials and a tariff high enough on staples to conserve the home market would be an expedient administrative policy. Senator Harding favors placing authority in the hands of a tariff commission. Congress cannot be expected to have always at hand sufficient information on differentials and rates as to act promptly and wisely. The tariff is a matter for experts with a knowledge of international conditions.

**"My Shop" or Gipson's Lunch Room****SAYS ARTICLE TEN IS MISCHIEF MAKER**

Charles E. Hughes, Republican Candidate in 1916, Indicates He Is For Sen. Harding

**STATE CONVENTION SPEECH**

(By United Press)

Trenton, N. J., Sept. 20.—In a speech attacking the league of nations covenant as it stands and particularly Article 10, Charles Evans Hughes, former supreme court justice and a candidate for president in 1916, signified his entrance into the campaign for Senator Warren G. Harding and Governor Coolidge.

"Article 10 is a mischief maker," Hughes stated, in an address to the New Jersey state convention Saturday.

"It belongs to the category of alliances to make war and is opposed to American principles. It serves to make disputes and not to heal them. It is the real vice of the covenant." Hughes contended this article imposes obligations upon the signatories of the treaty.

"The obligations are immediate," he declared. "It awaits no action of the league to oppose it. It is of no avail to call the obligation a moral one."

He continued that the president might under article 10 push this country into war without even waiting for congress. He characterized the objections regarding the Monroe Doctrine as ambiguous. A considerable portion of the Hughes speech was devoted to the present administration.

A Democratic rival of Senator Harding's famous front porch has appeared. It is Governor Cox's "side porch". Between stump speeches lately, the governor has spent much of his time at the executive mansion in Columbus. When there politicians, newspapermen and other visitors find him on his "side porch", which is enclosed glass. It is there that he wrote most of his stump speeches. The house is the property of Ohio.

Those who think the automobile has driven the horse and buggy out of business haven't seen Doctor Harding, father of the republican nominee, proudly driving down Mount Vernon Ave., in his "rig". As a crowd was gathering at Marion for a big speech recently, Doctor Harding drove by with a huge basket of roasting ears sticking out of the rear end of the buggy.

Those newspaper reporters frequently seen moving around mysteriously in Harding's back yard are not looking for a story. They are filling their pockets with apples, plums and pears from the candidate's small back-yard orchard. Harding himself granted pasture rights to the newspaper men.

One of the main skirmishes of the Presidential campaign thus far is the "lithographic bombardment." Wherever Governor Cox is to speak, Harding enthusiasts seem to make a special effort to have the senator's pictures in prominent places, where the Democratic candidate is certain to see them. The Democrats claim that so far they have been at a disadvantage because of shortage of "ammunition". Comparatively few Cox pictures have been printed. On a recent trip to Wheeling, W. Va., from Columbus by motor, Harding pictures were displayed in large numbers along the road. Just before reaching Wheeling the Cox party overtook "a Republican car", which was scattering the lithographs along the way. Across from Cox's newspaper office in Dayton are eight Harding pictures, while others appear in

the statehouse at Columbus, only a short distance from the governor's office, having been put up by Republicans holding state offices.

Herzog of the Chicago Cubs says Harding keeps his own batting average posted on the front porch. It is 380—the senator's street number.

## LOCALS CLEAN UP ANDERSON SEFTONS

Tail Lights Win Here Sunday, 17 to 3, Knocking Three Pitchers Out of The Box

### FIVE HOME RUNS ARE MADE

Plummer Gets Four Hits, Two of Them Homers—Every Man Fattens Batting Average

The Tail Lights walked all over the highly reputed Anderson Seftons yesterday afternoon, and obtained 19 hits, including five home runs, which meant 17 runs, while Anderson obtained 3 runs, two of them coming in the ninth inning.

The visiting team was either unusually weak, or else the Tail Lights are getting stronger, as the visitors used three pitchers, all of whom looked alike to the Tail Lights.

The Tail Lights made one run in the first inning, and then in every inning thereafter, succeeded in getting a score, and in no inning was there a blank registered for the local team.

During the entire game there were six home runs made. Anderson got their home run in the ninth inning off of Plummer, and with a man on base, brought in two runs.

The game from the very beginning was a farce, as the Tail Lights pounded the pitchers to all corners of the lot. At the end of the third inning every Tail Lighter had secured a hit.

Pearsey in the third inning drove the ball to left field for a home run, and in the eighth inning knocked the ball in the same place for three bases.

Plummer had his batting eye yesterday and with five trips to bat secured four hits, two of them being home runs. Byrne was at bat four times, and secured three hits, one of them being a home run to left field with two on bases. Smith got a home run for the Tail Lights in the seventh inning, being the first man up in that inning, and hit the first ball pitched.

The Tail Lights cut down Anderson's hopes in two innings, when a double play was made with men on bases.

Two accidents happened to local players. Pearsey sustained a badly sprained ankle while sliding for third base in the 8th inning, and in the seventh inning Hobart also was caught stealing third, and fell over the bag, breaking three ribs.

His belt buckle penetrated his side and his injury was not thought to be serious, until the end of the game, when he fainted and complained of his side. He finished the game, under protest of the local captain.

Both injured players may be out of the game for several Sundays, as each injury proved to be painful.

The game in figures is as follows:

	AB	H	R	E
Hobart, 3b	4	1	1	1
Joyce, 2b	5	2	2	0
Conway, ss	5	1	1	1
Pearsey, cf	5	3	2	0
Plummer, p	5	4	4	1
Byrne, c	4	3	3	0
Shaw, 1b	5	2	1	0
Smith, rf	4	2	1	0
Sharp, lf	4	1	1	0
Yazel, run for Pearsey	0	0	1	0
	39	19	17	3
ANDERSON	AB	H	R	E
F. Johnson, 3b	5	1	0	0
Young, ss	5	0	0	0
H. Walker, c	4	1	0	0
Lambert, 1b, p	4	1	0	0
G. Johnson, 2b	3	0	0	2
Labaugh, cf	4	2	2	0
Vanderhoof, rf, p	4	1	1	0
E. Walker, lf	4	0	0	0
Z. Johnson, p, rf	3	2	0	1
	36	8	3	3

Hits off Plummer 8, off Johnson, 13, off Vanderhoof 6; home runs, Plummer 2, Pearsey, Byrne, Smith, Vanderhoof; three base hits, Pearsey, Labaugh; double plays, Conway to Joyce to Shaw, Joyce to Labaugh, Young to G. Johnson to Lambert; struck out by Plummer 8, by Vanderhoof 1, Johnson 2, Lambert 1; base on balls, of Plummer 2, off Johnson 1; off Vanderhoof 2 stolen bases, Tail Lights 6, Seftons 2; left on bases Tail Lights 4, Seftons 6. Time, 2:20. Score by innings:

1 2 3 4 5 6 7 8 9 — R H E  
 Anderson 0 0 0 0 0 1 0 2 — 3 8 3  
 Rushville 1 2 4 3 2 1 1 3 x — 17 29 3

### WEATHER FOR THE WEEK

Washington, Sept. 20.—Generally fair weather and normal temperature will prevail in the Ohio valley this week, the weekly weather forecast says.

## RETAIL DRUGGISTS TO MEET

To Hear Plans For Increasing Co-operation With Federal Officials

(By United Press)

St. Louis, Mo., Sept. 20.—Plans for increasing co-operation between druggists and federal officials for enforcement of the prohibition and narcotic laws will be laid before the annual convention of retail druggists which opens here today.

The convention, held under the auspices of the National Association of Retail Druggists, will last four days and will include in its program of discussion the income tax and general management of the retail drug store.

The association has a membership of 25,000 retail druggists.

### IN 2 WEEKS SESSION

Indianapolis, Ind., Sept. 20—Candidates for offices of the International Brotherhood of Carpenters and Joiners were to be nominated at the 39th annual convention of that body, which opened here today for a two weeks session. Two thousand delegates filled the Athenaeum. The election of officers will be held in November.

## IT WAS A GODSEND STATES MRS. COOK

Was Helpless When She Began Taking Tanlac—Now Enjoys Splendid Health.

"Tanlac has certainly proved a godsend to me, for I was helpless in bed and none of my friends thought I could last much longer," said Mrs. F. Cook, of No. 3 Bungalow Park, Indianapolis, Ind.

"My troubles started more than twenty years ago when indigestion began hurting me, and since then I have been in almost constant misery. My appetite failed and I always became nauseated after eating, I would bloat up with sour gas, suffer from palpitations and shortness of breath and had awful headaches. I was taken down in bed and it looked like the end was near. My kidneys worried me all the time and I was so nervous I couldn't stand the least little noise. I became too weak to turn myself in bed.

"Tanlac has put me back on my feet enjoying good health again. I eat just like a hungry child and everything agrees with me perfectly. I am no longer troubled with headaches or nervousness and my kidneys don't bother me any more. I sleep like a baby and am better in every way than I have been in twenty years."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McGarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

# SOCIETY

Mrs. Austin Fraze will be hostess for the members of the Happy-Go-Lucky club Wednesday afternoon at her home in North Main street.

\* \* \*

Mrs. Mary Lucas entertained her nephew and wife, Mr. and Mrs. Noah Bell, of Portland, Oregon, yesterday for dinner at her home, 421 West Fifth street.

\* \* \*

The Tuesday Bridge club meeting which was to have been held with Mrs. Carl Beher at her home in North Main street, has been postponed until a later date.

\* \* \*

Miss Janet Dean, daughter of Dr. and Mrs. D. H. Dean of this city, who entered Butler college at Irvington this fall, has been pledged to the Pi Beta Phi sorority.

\* \* \*

The Woman's Missionary Society of the First Presbyterian church will be entertained tomorrow afternoon at the home of Mrs. Fred Caldwell, 321 North Morgan street.

The program will start promptly at 2:30 o'clock and all members of the church and congregation are cordially invited to attend.

The Ladies Aid Society of the First United Presbyterian church will be entertained tomorrow afternoon at the home of Miss Mary Fisher, of West Ninth street.

\* \* \*

Mr. and Mrs. J. R. Dearinger living west of the city had as their dinner guests yesterday, Mr. and Mrs. James Bebout of Manilla and Mr. and Mrs. G. W. Krammes.

\* \* \*

The Misses Mabel Mosier and Stella Harvest and Jack Folger and Claude Dawson, all of near New Salem, were the guests yesterday of Mr. and Mrs. Orville Moore and family.

\* \* \*

Dr. and Mrs. Frank Smith had as their dinner guests yesterday at their home in West Third street, Mr. and Mrs. E. H. O'Conner; Mr. and Mrs. Albert Holland and Miss Bertha Crussell all of Hope, Ind.

\* \* \*

Several people from this city are expecting to attend the dance to be given in the St. Clair hall at Batesville tomorrow evening. Smith's seven piece orchestra of Louisville, Ky., will furnish the music.

Mr. and Mrs. Ed Short entertained with a dinner party yesterday at their home in West Second street, the following guests: Mr. and Mrs. Clyde Heath of this city, Mr. and Mrs. Otto Williams and Mr. and Mrs. Lease of Franklin, Ind.

\* \* \*

Mr. and Mrs. Carl Ging entertained with a prettily appointed dinner party yesterday at their home near Raleigh. Covers were laid for Mr. and Mrs. Rich Miles, Mr. and Mrs. Will Fry, Mr. and Mrs. Irvin Walker and Mr. and Mrs. Lloyd Nelson and children, of Rushville.

\* \* \*

Miss Letha Alice Foster, daughter of Mr. and Mrs. Alonzo Foster, and William T. McDaniel, son of Mr. and Mrs. Claude McDaniel, were united in marriage Saturday evening by the Rev. L. E. Brown, pastor of the Main Street Christian church. The bride lived in this city and the bridegroom lived near Carthage.

\* \* \*

Miss Julia Neal, daughter of Mr. and Mrs. Theodore Neal, and Albert Bullard, son of John Bullard, both of this city, were quietly married Saturday evening at the Main Street Christian parsonage by the Rev. L. E. Brown. Mr. and Mrs. Bullard will make their future home here where the former is employed.

\* \* \*

The Inter Nos club was delightfully entertained at the home of Mrs. Oliver Fletcher near Homer last Thursday afternoon. The hours were enjoyed socially with music and contests. Refreshments of orange ice, cake and lemonade were served. The members present were Mrs. Byron Gates, Mrs. Margaret Miller, Mrs. Albert Updike, Mrs. Oscar Williams, Mrs. Marion Fletcher and Mrs. Conrad Posz. The guests were Mrs. Frank Fletcher, Mrs. Ernest Corrie and Ethel Posz.

\* \* \*

Mr. and Mrs. Thomas Mosburg entertained at their country home east of the city Sunday with a high noon dinner party. The table was centered with a bouquet of fall flowers and covers were laid for the following guests: Mr. and Mrs. O. L. McKnight and children of Newcastle, Mr. and Mrs. L. M. Coons of near Homer, Mr. and Mrs. Harry York and son Harold of Glenwood, Mr. and Mrs. Russell Coons and Fred, Vern and Wilbur Mosburg, Frank, Harry and Alex Coons of near Homer.

## Last Night's Dreams —What They Mean

### DID YOU DREAM OF HENS?

**T**HIS is not a common dream but it is a most favorable one, partaking of that generally beneficent character which appertains to nearly all bucolic visions. Dream-hens and dream-chickens are equally of fortunate omen.

If the hens are making that peculiar noise called "singing" then is the dream more than ever propitious, it foretells thrift, many children and domestic happiness. If you see a brood of chickens instead of hens it is true that you will probably have many petty cares and worries before you will attain your good fortune, but you will eventually get there and all your worries turn out to your advantage.

Any one about to embark in a business venture attended with some risk should by all means dream of chickens, as it shows that his venture will turn out successful beyond his expectations.

For a young unmarried woman to dream of an old mother-hen surrounded by her chicks is a sign that she will be married before the chickens have grown up to henhood, and the chickens of Dreamland mature into hens about as rapidly as other chickens.

For any one to see in a dream a hen with a brood of chickens about her denotes that there will soon be a marriage in the family. It is but fair to state that most authorities made it a prerequisite for success in a business venture after dreaming of chickens that the dreamer should have with him plenty of determination.

If your dream-hens are running about cackling as if they had just laid one of those eighty-cents-a-dozen eggs we read about it shows that something will occur to mar your happiness—probably the price of eggs will go up still farther. Nor is it good luck to dream of killing a hen.

# Home Sewing Week

Monday, Sept. 20th to Saturday, September 25th

### SEWING HELPS

### Super Lisle Elastic

Regal Elastic is made of heavy rubber strands and lisle threads of finest quality. We recommend it for its unusual strength and durability.

### Snap Fasteners

DeLong Snap Fasteners are our leading value—a quality of snap fasteners that fully satisfies.

### Home Sewing Week

is an event we have planned for women who delight in doing their own sewing. Complete displays of New Fall fabrics of the better quality are arranged for this special occasion. Lovely silks for dresses, waists and skirts, fashionable deep-toned woolens for coats and suits, and a variety of cotton fabrics for house dresses, undergarments, and children's wear. Trimmings and sewing helps are exceptionally well represented.

### Ready-made Inside Belts

Made up in all sizes with hooks and eyes riveted on. Ask to see them.

### SEWING HELPS Extra Fine Dutch Linen Tape

The need for good linen tape suggests Dutch Linen, which comes in a convenient packing, with each piece of average length.

### Kloster Sewing Threads

A lustrous cotton thread in all the wanted silk shades. Buy "Kloster" by the dozen spools for Fall sewing. It is our best thread value.

### Dressmaker's Pins

Come in one-half pound boxes in various sizes. Buy them for your home sewing.

## Perfection of Quality is Attained In These Lovely Autumn Silks

What a distinctly individual fall wardrobe one can plan with new silks of the type of those now ready for your viewing. The quality of the fabrics, the pleasing range of new patterns and colorings, the extraordinary values offered, all point to now as the logical time for choosing. Our silks suggest the very spirit of Autumn, exquisitely adapted for serviceable wear.

## Many New Patterns and Weaves in Woolen Fabrics for Fall

Home Sewing Week ushers in many new and lovely weaves in rich autumn colorings for Fall Suits, frocks, skirts and coats. Every yard of these new materials ranks foremost for quality. There are new plaids and checks in medium weight materials—suitable for new skirts. Also serge, tricotine, wool velour and jersey in rich, deep-toned colorings for Autumn costumes.

### Comet Stay Binding

The high quality of "Comet" Stay Binding makes it best suited for finest uses.

### SPECIALS

DARK AND LIGHT OUTINGS—27 inches wide, good quality at a yard.....38c

DRESS GINGHAMS—Special lots at a yard.....38c and 45c

APRON GINGHAM—Special, a yard.....25c

The articles described here are Sewing Helps of the quality that every woman loves to use. They are shown in complete assortments in the notions department.

## The Mauzy Company

### WOMEN CAN'T BE PRAISED ENOUGH

Continued from Page One the fine expressions of appreciation from all parts of the country, but I actually feel like I am indebted to the farmers of Rush county for the way they have showed their feelings in regard to the picnic. I believe that it was well worth the effort that all of the farmers and their wives made."

Many declared today that if the Rush County Farmers association never did anything else, it accomplished a lot socially for Rush county and offered an opportunity for the community spirit which exists here to find expression.

"If we are all going to live here, we want to make it the best place in the world in which to live," said Mr. Bell, today, summing up the results of the picnic, and in these words he expressed the sentiment of all who worked for the success of the picnic.

The state of Michigan is to plant its Victory Highway from Port Huron to Chicago with apple trees.

### ALFRED OBERDORFF

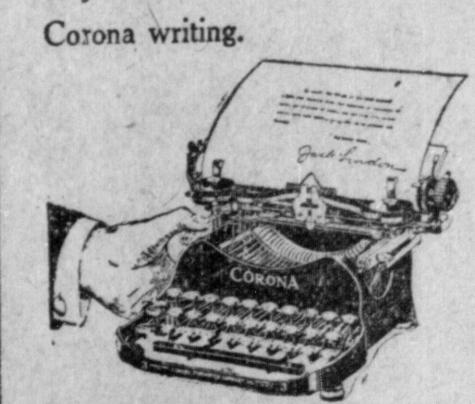

Alfred Oberdorff the new German ambassador to Spain. He succeeded Doctor Rosen, who was rejected by the Spanish government.

One per cent of the atmosphere is argon.

### THE WAY CORONA

records your thoughts is a delight to you and all who receive your Corona writing.

CORONA  
The Personal Writing Machine  
Makes all kinds of writing a pleasure. You can't believe what this 6 pound machine does till you try it. Come in and operate it yourself.

W. O. FEUDNER  
at The Daily Republican.

### WHAT MAKES A BANK GROW?

Careful, thoughtful, diligent men and women are more likely to have money to put in a bank than careless, idle, thoughtless men and women.

A careful person in choosing a Bank considers first, safe conservative management, and then—SERVICE—which includes Courtesy, Accuracy, sufficiently well trained men to do the bank's work quickly, smoothly and accurately.

He wants, also a commercial bank to be able to lend him as much credit as his business needs and is entitled to borrow.

So when you see a Bank grow from year to year you may know that it is the kind of Bank into which the kind of people who have money like to put their money.

THIS BANK WELCOMES NEW BUSINESS.

### THE PEOPLES NATIONAL BANK RUSHVILLE, INDIANA

"The Bank For Everybody,"

### THRIFT

The one habit modern boys and girls need most to cultivate is Thrift.

The Bank or Trust Company is the best help toward Thrift. Nothing means more toward the welfare of a young person than a Savings Account.

Savings Accounts and Time Deposits Earn Interest. The Small as Well as the Large Account Welcomed.

### THE PEOPLES LOAN & TRUST CO. RUSHVILLE, INDIANA

"The Home For Savings."

## RAISE \$30,000 FOR PURDUE MEMORIAL

To Build Student Buildings on Campus to Serve as Memorial For Purdue Ex-Service Men

### WONDERFUL SPIRIT SHOWN

Million Dollar Fund Drive Expected to be Completed the First of the Year

Lafayette, Ind., Sept. 20.—Approximately \$30,000, most of it in small subscriptions, of \$50 or \$100 has been received during the last three weeks from graduates and former students of Purdue University throughout the country, as voluntary subscriptions to the million dollar fund for a student building on the campus to serve as a memorial to the 4,006 Purdue men and women who served in the world war. The Purdue Union committee, composed of alumni, faculty members, and students, is highly gratified with results already obtained, especially since the several hundred donors have sent in their subscriptions without personal solicitation. The \$30,000 does not include the \$100,000 or so raised in the Tippecanoe county drive, considerable of which was given by alumni.

"The graduates and former students not only in Indiana, but in every other state are showing a wonderful spirit toward the campaign for funds for the memorial building and they are sending in their subscriptions readily," said Prof. Thomas F. Moran, chairman of the committee. "We are well started on the first quarter of our big race and the way the alumni are organizing everywhere to put over the drive in a hurry means everything in the success of the campaign."

Every mail brings in from eight or ten to as high as 25 subscriptions and so far none of them have been under the \$50 minimum set by the alumni association for former students or the \$100 minimum set for graduates. The figures total more than \$1,000 a day and several days have reached about the \$2,000 mark. It is hoped to complete the drive by the first of the year so that the building may be started as soon as material prices reach a lower level.

## HARDING TO TALK TO TRAVELING MEN

100 State Salesmen Expected to Greet the Senator on His Front Porch Sept. 25

### ARRANGE FOR SPECIAL TRAIN

Indianapolis, Sept. 20.—Homer Beals, of Noblesville, president of the Indiana Travelers' G. O. P. League, has received word from Harding headquarters, at Marion, Ohio, that Senator Harding will deliver a special address to the Republican traveling men when they meet the Senator on his front porch Sept. 25.

Mr. Beals is making arrangements for a special train from Indianapolis and expects at least 300 Indiana salesmen to make the trip. The train will leave this city at 7:45 a. m. Saturday, Sept. 25, and will return that night.

The subject of Senator Harding's address will be "Business", Mr. Beals said.

Traveling men from all over the nation are to meet at Marion to hear his address. President Beals declared that the salesmen of the country are practically united in favor of Harding for president and stated that every member of the Indiana organization is working actively in the interest of the national and state Republican ticket.

Beals has extended an invitation to all traveling men to join the Indiana party. The train will pass through Anderson, Muncie, Winchester and Union City.

### PHI DELTS WIN GAME

The Phi Delt base ball team defeated the high school Friday afternoon on the West Third street grounds, 19 to 14. Bob Conway did the pitching for the Phi Delt and the high school worked three pitchers, two of them being knocked out of the box, Edlin, Lowell Headlee and Aikens were all on the mound for the high school.

The Sexton Missionary Society will give an ice cream festival next Wednesday evening, September 22, at the town hall. The public is invited.

## THE FRANKLIN SEDAN

MOTORISTS are turning to the Franklin Sedan in large numbers because they are convinced that it does what a car should do.

*20 miles to the gallon of gasoline  
12,500 miles to the set of tires  
50% slower yearly depreciation*

(National Averages)

Taken together, these results indicate the greatest automobile efficiency.

Taken separately, they are the best evidence of another kind of efficiency, even more important.

### 1. 20 miles to the gallon of gasoline also means Easy Control

Light weight and less friction make the Franklin roll more easily than any other car. Easy-rolling light weight not only uses less gasoline, but is safer—and easier to start, to stop, and to guide.

### 2. 12,500 miles to the set of tires proves Comfort

The Franklin does not pound out tires. Neither does it jolt nor jar its riders. Comfort and tire economy depend upon the same thing—flexibility—in which the Franklin stands alone.

### 3. 50% slower yearly depreciation indicates Reliability

Depreciation is the best gauge of car reliability. Franklin quality of materials and kind of construction give less trouble and require fewer repairs over a longer life.

*Complete demonstration at any time*

## Gasoline to Help Lower Food Prices

"Of all gasoline manufactured in the United States, 67.6% is used by automotive vehicles." (Oil News, 7-5-1920, P. 42.)

"Of all the motor vehicles in use in the Middle West, 65% of the total registration are farmer-owned" (Arthur Capper Address, 1920). Gasoline is taking the place of vanishing man-power on the farms; and not only does it reduce the man-hours required to produce a given amount of food, but it also reduces the actual cost of production, and this despite the advancing price of gasoline. (H. W. Quaintance "Influence of Farm Machinery on Production" Power Wagon Reference Book, 1920, page 561.)

Authorities agree that gasoline is a most important factor in the production and distribution of food products.

When gasoline is employed universally to increase the efficiency of man-power on the farm, we may look for vastly increased production and a consequent decrease in the cost of producing food.

In the eleven Middle West states served by the Standard Oil Company (Indiana) more than 100,000 tractors are in use, and the number is increasing rapidly.

In the states served by the Standard Oil Company (Indiana) the number of farmer-owned motor trucks is as follows:

Kansas . . . . .	1,732
Iowa . . . . .	2,773
Illinois . . . . .	2,261
Indiana . . . . .	1,548
North Dakota . . . . .	501
South Dakota . . . . .	1,708
Michigan . . . . .	1,636
Minnesota . . . . .	1,255
Missouri . . . . .	2,665
Wisconsin . . . . .	1,465
Oklahoma . . . . .	723
Total . . . . .	17,667

(U. S. Department of Agriculture states that only about 75% of total farmer ownership was reported.)

The distribution service of the Standard Oil Company (Indiana) brings petroleum products quickly and cheaply to the farm when they are most needed.

It is the plan of this Company to make its distribution facilities the most perfect system of its kind in the world. To do this largely increased equipment is being installed. To supply this vast network of stations, trucks, tank wagons, etc., the Manufacturing Department is bending its energies to devise means for producing an ever increasing percentage of gasoline from the crude oil obtainable, and at the same time to keep users of other products of petroleum supplied with their needs.

**Standard Oil Company.**  
(Indiana)  
910 So. Michigan Ave., Chicago

## AN OLD DOCUMENT SETTLES DISPUTE

Affirms First Shot of Louis Riel's Second Rebellion Was Fired by His Halfbreed Followers

### WHITE MEN CLEAR OF CHARGE

Affidavit Which Was Sworn to Before S. Brewster in 1885 Is Still Quite Legible

Regina, Sask., Sept. 20.—Soaked by the rains, buried beneath the snows and blown about the prairies by the winds of thirty-five years, a document which settles a point that history leaves in doubt has just been found near Regina.

It is an affidavit sworn to by Corporal Hugh J. A. Davidson of the Royal North West Mounted Police and affirming that the first shot of Louis Riel's second rebellion in 1885 was fired by his halfbreed followers.

Some writers have contended that the whites precipitated the conflict that drenched western Canada in blood.

The first battle of the war fought at Duke Lake a village near the North Saskatchewan river at the northern limit of the lands which were left by Canada to the Hudson's Bay company in 1870 and are now being closed out to farm settlers. Major Crozier in command of eighty settlers and North West Mounted Police fell in near the little settlement with a greatly superior force of rebels. While a parley was being held between the leaders, firing began. The fight lasted an hour. The half-breeds fled on their horses carrying away seven wounded but leaving twelve dead on the field.

Riel's victory caused the Indians to join the insurrection. But it also sounded his own death knell. The settlers rose in defense of their homes, troops hurried from the east and the rebellion was crushed. Riel was hanged at Regina.

Speaking like a voice from the grave, Corporal Davidson swears in his affidavit that the first shot came from one of Riel's half breeds crouching in the wolf willows and whistled past his head. "Until Major Crozier gave the order," he says, "no shot was fired by any of our party."

The weather-beaten old affidavit was sworn to before Stephen Brewster, a notary public at Prince Albert May, 30, 1885. Despite wind and weather, it is still quite legible. If, as is supposed, it was lost at Prince Albert, it had traveled 250 miles when its wind-blown journeyings ended at Regina.

## DRAFT HORSES ARE SCARCE IN INDIANA

Reports Received by Dr. E. L. Northrup Indicates Tractor Has Made Inroads on Them

### THEIR VALUE TO INCREASE

Indianapolis, Ind., Sept. 20—Draft horses in Indiana are becoming extremely scarce, according to the reports of the state veterinarians. Dr. E. L. Northrup who has been making a survey of the animals in the state.

"Since the tractor has started to do the work of the draft horse on the farm the majority of the breeders has taken to breeding lighter horses, such as race horses and are not devoting their breeding animals to the draft stock because they believe the cost of feeding the animal and taking care of it for four years will not bring a large enough price to cover the expense of its maintenance," Northrup said.

"I believe that if the breeders pay more attention to the breeding of draft horses that they will more than pay for the care that they have given the animals during the time which they are unable to work."

"I also believe that in four years a good draft horse will be worth as much as four or five hundred dollars."

"The tractor and the automobile cannot take the place of horses in every instance but I will admit that they can in ninety out of a hundred cases."

According to Dr. Northrup, draft horse breeding has fallen at least eighty percent in the past two years.

### CHANGE RESIDENCE HERE

Mr. and Mrs. Charles Baker are moving from 422 North Harrison street to 532 North Morgan street. Their telephone number will be 1112.

## 500 ILLEGAL FISH NETS ARE BURNED

Since April, 1919, State Department of Conservation Has Destroyed \$15,000 Worth of Them

### PHOTOGRAPHS OF THEM TAKEN

Indianapolis, Ind., Sept. 20.—Three hundreds persons demonstrated their pleasure as they witnessed the burning of a huge pile of confiscated illegal fish nets and seines Sunday at Riverside park state fish hatchery, by taking pieces cut from the nets, wooden floats and sinkers away as souvenirs.

The nets were piled together, saturated in kerosene and made an imposing conflagration. There were 100 of them of all sizes and description, the largest being 350 feet long. Several measured 250 feet and the value of the collection was \$3,000.

According to George N. Mannfeld, chief of the division of fish and game, the department of conservation since April 1919 has burned at the Riverside hatchery over 500 illegal nets of the value of \$15,000. In the eighteen months wardens have worked under the department, it is estimated they have confiscated and destroyed at least two carloads of nets. Because of the bulk of some nets, especially hoopnets, they usually are destroyed where they are confiscated and photographs taken of the burnings in order to establish proof of their destruction according to law.

## FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35¢; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

### PLANS OF WORK FOR CONTROL OF BEETLE

#### Quarantine Against Insect Will Be Rigidly Enforced.

Poisoning With Sodium Cyanid in Water Will Be Practiced on Soils Badly Infested With Larvae or Grubs—Nets to Be Used.

At a recent conference of officials of the United States department of agriculture and the New Jersey department of agriculture, held at Riverton, plans of work for the control and suppression of the Japanese beetle were thoroughly gone into. Provision has been made thoroughly to inspect and certify products found free from the insect, including greenhouse and nursery stocks, fruits, vegetables and farm crops. While the quarantine will be rigidly enforced, it is believed that no serious interruption will result to the movement of most farm and other products from the infested territory. In control of the beetle, several methods of attack will be followed. Poisoning with sodium cyanid in water of such soils as are badly infested with the larvae or grubs will be practiced. Several million beetles, it is believed, can be captured by sweeping infested plants with nets. A band of vegetation from one-half to one mile wide surrounding the infested area will be kept thoroughly poisoned with insecticides sprayed or dusted on the plants. To prevent accidental carriage of the beetles on automobiles and other vehicles and on pedestrians, the roadways have been cleared, by grubbing and burning of food plants of the beetle. The weed food plants will be kept down by the use of large quantities of weed-killing chemicals. Attention is being given to the introduction of parasites of the beetle from Japan. An agent of the bureau of entomology is already in Japan, engaged upon the work.

The officials connected with this project believe that the operations of 1920 will pretty definitely indicate what can be expected from large-scale operations in suppression of the beetle.

PROTECT TREES FROM SWINE

Damage Can Be Reduced by Providing Rubbing Posts for Hogs Infected With Lice.

Very young trees can be protected from damage by hogs by providing rubbing posts and keeping the hogs free from lice. The animals will not rub against the trees so as to injure them if they are free from vermin. A good hog oiler is a great help in this case.

NOTICE TO NON-RESIDENT

The State of Indiana, Rush County, In the Rush Circuit Court,

September Term, 1920:

William O. Wright vs. Elva Herbst. Complaint No. 2172.

Now comes the plaintiff by Donald L. Smith, attorney, and files his complaint herein, together with an affidavit that the residence of the defendant Elva Herbst is unknown, and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant.

Notice is therefore hereby given said defendant, that unless she be and appear on the 4th of November, A. D., 1920, at the Court House in Rushville in said County and State, and answer or demur to said complaint, the same will be heard and determined in her absence.

In witness whereof, I have hereunto set my hand, and affixed the seal of said court at Rushville, this 9th day of September, A. D., 1920:

LOREN MARTIN, Clerk.

## This ghost was a 1920 model

LAST MONTH, on a bet,  
WITH THE boys up home,  
I SPENT a night,  
ALONE IN the old,  
HAUNTED HOUSE.  
AND WHEN I heard,  
MOANS AND groans,  
I SAID "The wind."  
AND TRIED to sleep,  
I HEARD rappings,  
AND SAID "Rats."  
AND ROLLED over,  
THEN I heard steps,  
AND IN the light,  
OF A dying moon,  
A WHITE spook rose,  
I WASN'T scared—much,  
BUT DIDN'T feel like,  
STARTING ANYTHING,  
BUT THEN I caught,  
JUST A faint whiff,  
OF A familiar,  
AND DELICIOUS smell,  
WHICH TIPPED me off,  
SO I gave the ghost,  
THE HORSE laugh,  
AND SAID "Ed,  
YOU FAT guys,  
MAKE BUM ghosts,  
BUT BEFORE you fade,  
LEAVE WITH me one,  
OF YOUR cigarettes,  
THEY SATISFY."

THAT spicy, delicious aroma of fine tobaccos, both Turkish and Domestic, makes you almost hungry for the "satisfy-smoke." And there isn't a ghost of a chance you'll ever find its equal anywhere—for the Chesterfield blend is an exclusive blend. It can't be copied.

**Chesterfield**  
CIGARETTES  
*Leggett & Myers Tobacco Co.*

what they can to stave off the coming disaster. Every little patch that there is labor to cultivate is under crops. But the country has been drained, not merely of its resources but of its manhood. There are not men enough left to do the necessary work. In the little town of Spuzh, for example, of the 673 men who went out to fight at the beginning of the Balkan wars, only 72 have come back, and many of these are crippled.

The population is largely made up of widows and orphans. But, indeed thanks to the splendid work of the Americans, and to the generous collaboration of the Serbian Government, it is nowadays rather an advantage in Montenegro to be an orphan. Whenever you see a chubby, red-cheeked child, you may be pretty sure he is an inmate of one of the many orphanages they have set up.

### WILL SPEAK IN BALTIMORE

Senator Harding's Southeastern Trip is Announced

Marion, O., Sept. 20.—Senator Harding, accompanied by Mrs. Harding, will leave Monday, September 26, for Baltimore, arriving in the afternoon, according to details of his southeastern trip which have been announced here. He will make speeches in West Virginia and Kentucky also.

The republican nominee addressed a front porch delegation of Americans of foreign birth Saturday, warning against America's attempts to meddle in European affairs.

"Let us pray," he said, "that America shall never become divided into two classes and shall not be the means of hyphenating citizenship."

**Eye of the Ostrich.**  
The ostrich's eye is as large as an ordinary marble. He has microscopic vision and can see the most minute particle. The eyelid does not move over the eye. Instead there is a film which flashes across it from time to time, somewhat like the shutter of a camera.

### Marble Cheaper Than Pine.

The United States commercial attaché in Rome reports that imported pitch pine now costs more than native Italian walnut, and that builders save money by making stairways of marble instead of yellow pine.

### HAPPY WOMEN

Plenty of Them in Rushville, and  
Good Reason for It

Wouldn't any woman be happy. After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, When she finds freedom.

Many readers will profit by the following.

Mrs. Will Wolf, 1021 N. Oliver, St., Rushville, says: "I was having quite a bit of trouble with my kidneys. My back was weak and ached all the time. My kidneys acted irregularly and I had headaches and dizzy spells. As others of my family had used Doan's Kidney Pills with good success, I got some at Pitman & Wilson's Drug Store. After finishing a few boxes I was cured and I haven't had any trouble since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wolf had. Foster-Milburn Co., Mfrs., Buafflo, N. Y.—(Adv.) 2

## STATE WILL INSIST ON DEATH PENALTY FOR WIFE MURDERER

Fred Dunn, 34, Who Killed Cordelia Dunn, 49, Likely to be Indicted For 1st Degree Murder

### ARLINGTON MAN KILLS WIFE

Attempts Suicide by Shooting Himself in Mouth and Slashing His Neck With Pocket Knife

### FIRES AT BROTHER IN LAW

Bullet Strikes Lee Rucker in Finger—Dunn Bought Revolver in Rushville Early Last Week

A charge of first degree murder will most likely be placed against Fred Dunn, murderer of his wife, Cordelia Dunn, and Prosecutor A. C. Stevens today stated that if such is the case, that the state will insist that Dunn pay the death penalty in the electric chair.

Dunn, who is 34 years old, fatally wounded his wife Cordelia, age 49, years at her home in Arlington Saturday night about 10:30 o'clock, and then attempted to take his own life, which failed, and today is improving in the jail. The first shot he fired struck Lee Rucker, Mrs. Dunn's brother, in the finger, and Dunn said afterwards that he intended to kill Rucker.

That Dunn intended to do serious harm, and had probably meditated over the murder is revealed today, when it became known that he purchased the revolver earlier in the week in this city, not being able to make the entire payment until Saturday afternoon late.

Dunn, earlier in the week, went to the store owned by Sam Finney, in West Third street, and asked to look at revolvers. He decided on one that cost \$5.00, it being a second hand .32 calibre, Iver Johnson hammerless revolver. He told Mr. Finney that he was unable to pay for it, and made a payment of \$1.00 so that he would keep it until he got paid Saturday.

Mr. Finney stated that the man was not very talkative, but said that neighbors had seen prowlers, and that he wanted to be protected.

When asked his name, so that the gun could be held until paid for, Dunn said he was "George Wernig." The description of the two cor-

### MEMORIAL SERVICES HELD HERE SUNDAY

Regret Over Untimely Death of the Rev. G. F. Sheldon is Expressed By Speakers

### RESOLUTIONS ARE HEARD

A large crowd which filled the main auditorium and extended into the Sunday school room, was present for the memorial services for the late George F. Sheldon, which were held Sunday afternoon at the First Presbyterian church, of which he was pastor until his untimely death at Fort Wayne resulting from an automobile accident two weeks ago today.

The Rev. M. M. LeCounte of New Castle presided and represented the Whitewater presbytery. The principal address was made by the Rev. E. M. McKibben of Lane seminary, Cincinnati, who filled the pulpit at the church Sunday. He dwelt on the worth of a minister to the community and how they are missed, especially when death takes them so suddenly, as in the case of the Rev. Mr. Sheldon.

The Rev. J. T. Aikin, pastor of the First United Presbyterian church spoke as a representative of the Rushville Ministerial association, referring to the spirit of co-operation which the departed pastor had displayed during his short ministry here. The Rev. Mr. LeCounte read resolutions which were adopted by the Whitewater presbytery following the death of the local pastor.

ponded and while Mr. Finney was at supper Saturday between five and six o'clock, the gun was paid for in full, and a round of shells was placed in it.

Mr. Finney will probably be called upon to identify the man, who is held in jail, as it was the only gun sold on Saturday, and Dunn himself told Sheriff Jones that he purchased it Saturday afternoon, at the shop near the traction station.

Dunn, who was employed at the Park Furniture factory, boarded and roomed at the home of Eli Martin, 813 West Tenth street.

Mrs. Martin when interviewed today concerning the actions of Dunn, stated that he was very quiet around the house and when sitting on the porch, would vacate when other boarders would attempt to engage him in conversation.

He told her, she said, about his domestic troubles, and he had acknowledged to her that he had sometimes mistreated his wife.

According to Mrs. Martin, Dunn came home from the factory at noon Saturday, ate his dinner and left, telling her that he intended to see his wife that afternoon in Arlington. She said that he returned about ten minutes until six and ate supper, and told her that he had seen his wife, but did not speak very encouragingly of his visit.

Mrs. Martin stated that following their supper, she asked him if he was going downtown, and he told her that he was, and when Mr. and Mrs. Martin returned from town, he was not in his room, and a light was left for him. Mr. Martin turned out the light at two o'clock Sunday morning, when Dunn had not made his appearance.

The grand jury has been called for Saturday at which time the murderer will be investigated, which will no doubt result in an indictment of first degree murder, according to Mr. Stevens, indications pointing to the fact that the murder was previously thought out by Dunn.

Two weeks ago last Saturday, Dunn was arraigned in Squire Stith's court to answer to a charge of surety of the peace, which was preferred against him by his wife. He had been held in jail here for several days, awaiting the trial, and when the time came for the trial, he entered a plea of guilty.

Because Dunn was not very well known, it would have been hard for him to have given a surety of peace bond, and as the grounds for the action were not sufficient to hold him in jail for a year, he was allowed his freedom, upon condition that he not molest his wife, who was to reside with her brother, Lee Rucker, in Arlington.

Dunn was then employed at the Park Furniture factory in this city, and worked there until noon last Saturday. It is said that he went to Arlington Saturday afternoon, and returned here after supper, and purchased a .32 revolver from Sam Finney, and then went back to Arlington.

About 10:30 he went to the house where his wife and her brother, Lee Rucker, were living and looked through a side door, and it was from there that he fired his first shot, which glanced and struck Rucker on the end of an infected finger.

Dunn then jumped through a window and entered the room, threatening his wife. Iris Gardner, 17 year old daughter of Mrs. Mabel Gardner who lives in the other half of the double house, was present and tried to prevent him from shooting the woman. Dunn fired another shot, and this time it entered the left jaw bone of his wife, and a second shot fired immediately afterwards entered about an inch below her temple, and lodged in her brain, death resulting five minutes later. She never regained consciousness.

Dunn, who saw what had happened, held the revolver in his mouth and fired a shot in an endeavor to commit suicide. The shot, however, failed to be effective and penetrated his jaw bone, knocking out three teeth, the bullet lodging in the roof of his mouth.

He then took a pocket knife from

Continued on Page Three

### FUNERAL IS INDEFINITE

Services For Mrs. Dunn Tuesday or Wednesday Afternoon

Funeral services for Mrs. Cordelia Dunn, who was shot and killed almost instantly Saturday night at her home in Arlington, will be conducted either Tuesday or Wednesday afternoon, depending upon the arrival of her two daughters, who reside in Niagara Falls. Mrs. Dunn was 49 years old and would have been 50 next month. She is survived by two brothers, Thomas Rucker of Mt. Clemens, Mich., and Lee of Arlington; a half brother, Jesse of Greensburg; and two daughters, who married brothers of Fred Dunn, who is in jail here. The daughters are Mrs. Mary and Mrs. Minnie Dunn. The services will be held in the Arlington M. E. church, either Tuesday or Wednesday afternoon with burial in the Arlington East Hill cemetery.

### FORMER RUSHVILLE WOMAN IS INJURED

Miss Jane McCarty, 72 is Run Down by an Automobile in Cincinnati Where She Lived

### INJURIES MAY PROVE FATAL

Miss Jane McCarty, age seventy-two years, formerly of this city, was run down by an automobile in Cincinnati last Friday and probably fatally injured, according to word received here Sunday by George Aultman.

The news was sent by Frank Roosa, former Rushville druggist, who now lives in Cincinnati, in the form of a newspaper clipping, which says that Miss McCarty, after stepping clear of an automobile at Second and Vine streets, was struck by another automobile driven by Julius Lipsky of Cincinnati. She was removed to the general hospital, according to the newspaper, where physicians found she had a fracture of the collar bone, possible fracture of the skull and hip, multiple concussions and lacerations of the scalp.

Miss McCarty was employed as a waitress at the Emery hotel in Cincinnati. She and her brother, Joe McCarty, left Rushville several years ago to take up their residence in Cincinnati.

### ALVA JONES HELD ON SERIOUS CHARGE

Goes to Jail in Default of \$2,000 Bond When Arraigned in Circuit Court Today.

### CASE FOR TODAY DISMISSED

Alva Jones was arrested shortly after noon today and arraigned before Judge Sparks on a serious charge being signed by Ralph Pearson, a relative of a 13 year old girl. Jones entered a plea of not guilty and went to jail on default of \$2,000 bond.

Jones is said to be employed in Connersville, and the girl is said to be a sister of his wife. The charge is of a most serious nature, and in case of a finding of guilty, embodies a prison sentence.

A case was ready for trial this morning in circuit court, when it was dismissed and the costs paid. It was the suit filed by Garnett Smiley against his father, William Smiley, on a complaint for damages demanding \$250 judgment. The case involved certain garden products that were sold from a tract of land. Most of the morning was spent in obtaining a jury, and when it was ready to be sworn in, the two parties perfected a compromise, and the case was dismissed.

A cross complaint filed last week by Gladys Marie Margison, defendant in a divorce complaint filed by James Margison, was dismissed in court today.

### WOMEN CAN'T BE PRAISED ENOUGH

They Are Entitled to Utmost Credit For Success of County Picnic Last Friday

### CHAIRMEN ALL WORKED HARD

More and More People Are Realizing Its Value in Shaping Destiny of Rush County

The view was expressed today that too much credit could not be given the serving committee of one hundred and eighty women who were responsible for the fried chicken dinner at the county picnic last Friday. To Will L. Brown, Rushville township chairman and men's chairman of the committee, and Mrs. Bert Davison, chairman of the women's committee, fell the responsibility of making a success of the dinner, and how well they did it is a matter of history which will long be remembered in Rush county.

They have received many compliments from all parts of the county for their part in the undertaking, and each one of the one hundred and eighty women also has been showered with congratulations for pulling together and making the dinner party the success that it merited.

The warm feeling over the county for Fred Bell, president of the Rush County Farmers association, is also expressing itself in tangible form because the picnic is being discussed in every community and the more it is discussed, the more people are beginning to realize its importance in shaping the destiny of Rush county.

Without exception every community in the county was represented at the picnic and from all of these Mr. Bell and members of his organization, as well as the wives of the farmers who worked so hard to make the picnic go, are receiving the thanks and congratulations which they so well merit.

"I do not only feel repaid for the work I did," said Mr. Bell today, "by

### FISCHER RETURNED TO NEW YORK CITY

Man Who Warned People of Wall Street Explosion Brought Back to Testify in Investigation.

### RUSSIAN RELEASED TODAY

(By United Press)

New York, Sept. 20.—Edwin P. Fischer, who warned his friends to keep out of Wall street on the day of the explosion, arrived today from Hamilton, Ontario, accompanied by detectives.

No formal charge has been placed against Fischer. He was arrested in Hamilton on a charge of insanity preferred by Robert Pope, his brother-in-law, and he agreed to go to New York and answer questions as to where he got advanced information about the Wall Street disaster. While crossing the street to a restaurant for his breakfast, Fischer picked up two cigarettes bats which he put into his pocket. He also picked up two cigars from the floor of Grand Central station but the police would not allow him to keep them for they said they might contain poison.

W. S. Edwards, collector of the internal revenue, today received a postal card warning him that the custom house would be blown up tomorrow. The card was signed "A Citizen." Edwards notified the department of justice and the postmaster. Federal operatives at once examined the card and an effort was made to trace the author of the card.

Alexander Brailovski, a Russian held over Sunday in connection with the investigation, was released today by the police. Twenty-two witnesses have been summoned to appear before the grand jury in connection with the investigation. The attorney general said Fischer would not be called to testify.

Oliver Mock, Jr., son of Mr. and Mrs. Oliver Mock, living northwest of Rushville, fell off a step-ladder at his home last Friday afternoon and suffered a broken arm. The bone in the left arm between the elbow and the wrist was broken.

### PROBE TO BE REOPENED

Members of Campaign Funds Investigating Committee in Squabble

(By United Press)

Washington, D. C., Sept. 20.—The senate investigation of campaign funds will reopen here Wednesday, Senator Kenyon announced on his return to Washington today.

A long list of witnesses has been summoned. The committee hopes to complete its work within a week. A controversy was in sight between the republican and democratic members of the committee over the future trend of the inquiry, the democrats wishing to continue the investigation of Cox's charges.

### FRANKLIN WOMAN IS SERIOUSLY INJURED

Mrs. Otto Williams, Formerly of This City, Hurt in Accident Near This City Sunday.

### LIGHTS BLIND AUTO DRIVER

Mrs. Otto Williams of Franklin was seriously injured in an automobile accident early last night, when the machine driven by her husband was run into by another machine, near the Pleasant Ridge church on the Shelbyville road, just southwest of this city. The extent of Mrs. Williams' injuries were not learned today, other than that she was in a serious condition in a hospital at Shelbyville where she was taken following the accident.

Mr. and Mrs. Sam Frye, all of Franklin had spent the day in this city with Mr. and Mrs. Ed Short, 211 West Second street, and left here about six o'clock. It is presumed that the accident happened about 6:30 o'clock.

A machine coming in his direction is thought to have blinded Mr. Williams with its lights and both machines collided head-on, badly damaging both machines, and throwing Mrs. Williams out of the car. A passing machine took her to Shelbyville, but today Mrs. Short here had not received very definite information concerning her injuries.

Mr. and Mrs. Williams formerly resided in Rushville.

### BROWN BACK FROM A WESTERN TOUR

President of Farmers' Association Returns From Making Month's Study of The West

### GETS VALUABLE INFORMATION

First Big Step He Says is to Perfect a Close up Organization in Way of New Members

Indianapolis, Ind., Sept. 20.—John G. Brown, president of the Indiana Federation of Farmers' Associations returned during the last week from a month's tour of California and the Western states with a party of farm bureau leaders especially commissioned by their respective state organizations to make a study of co-operative marketing systems used so effectively in that region. The Western trip was highly successful and the delegates gained much valuable information which will be reported back to the state units, and from which it is hoped that a plan can be worked out whereby the staple products of the Middle West, including grain and live stock, can be marketed on a more equitable basis serving as a benefit to both producer and consumer.

"The first big step in the solution of the problem," said President Brown, "is to effect a close up organization in the way of membership. Before tackling any co-operative plan which would necessitate the solid backing of all of the grain producing and live stock producing states of the country, it is absolutely necessary that our membership in all of these states be brought up to the highest possible point. Dealing with several million farmers on a co-operative marketing plan presents quite a different proposition than where a special commodity is being handled through an organization which represents only a few thousand producers such as we found in California. By this I have reference to the nut growers, citrus growers and various other growers who have organized and are marketing their products with success. It has been taken up there by commodities because these do not have a close relation with each other."

President Brown said that while the delegates gathered quite a bit

### TO ENTER HER PIG IN STATE CONTEST

Annetta Wissing, Age 10, Who Won Sweepstakes at Manilla Show, To Try For Higher Honors

### PIG GAINS 22 POUNDS A DAY

The pig with which Annetta Wissing, ten years old, won the first prize for Walker township, and the sweepstakes in the pig feeding contest which ended with a show at Manilla Saturday, made an average daily gain of two and two-tenths pounds for 136 days, the period during which the contest was conducted. It weighed 74 pounds when entered.

The Wissing girl is not content with local honors but will enter in the state pig feeding contest, and it is believed that she stands a good chance of winning or finishing close to the top.

The Manilla bank, which offered prizes amounting to \$125 for Orange and Walker townships, announced Saturday that the same contest would be held next year and that it would also be open to entrants from Union township, Shelby county. Prizes were offered in this township this year but there were no contestants.

Russell G. East, Shelby county agent, who was judge at the show, said that it was the best bunch of club pigs he had ever seen. It is expected that club work of the character will be sustained in Walker township because the township has a vocational teacher, Carl Miller, who will keep the boys and girls of the township interested.

**BURIAL HELD TODAY**

An infant child of Mr. and Mrs. Burton Robbins, who live in the western part of the city, was buried this afternoon in East Hill cemetery.

**NEW SALEM WINS SUNDAY**

The New Salem base ball team defeated the Laurel team yesterday by the score of 7 to 4. The game was played on the New Salem diamonds and was a fast one throughout.

**Foley's Honey and Tar Compound**

**CLEAR THE THROAT** of phlegm and mucus, stops that tickling, opens the air passages for easier breathing and coats the raw, inflamed surfaces with a healing, soothing medicine.

**Grateful Father Tells What It Did**

W. E. Curry, 130 Up St., Evansville, Ind., writes: "I have a little girl 5 years who has a good deal of trouble with croup. I have used Foley's Honey and Tar Compound, giving it to her according to directions, and obtaining instant relief for her. My wife and I use it whenever bothered with a bad cold or cough, and I will say that it is the best remedy for a bad cold, cough, throat trouble or croup that I ever saw."

Parents who use Foley's Honey and Tar know it is safe and no harm will come even if an overdose should be given by accident. It tastes good and children like it. It won't upset the delicate stomachs of young children, delicate persons or elderly people.

F. B. JOHNSON & CO.

**INCREASE ON HOGS OF 10 TO 25 CENTS**

Indianapolis Prices Advance Today With Receipts 2,000 Greater Than Saturday.

**CATTLE STEADY TO \$1 LOWER**

Indianapolis hog prices increased from 10 to 25 cents today with receipts 2,000 greater than Saturday. Cattle were steady to \$1 lower and sheep held steady. The grain market continued easy.

# Castor Oil Now Made Tasteless

Remarkable Process Perfected by  
Chemists of Spencer Kellogg &  
Sons, Inc.

Nobody ever dreamed that the nauseating taste could be removed from castor oil. Yet it has been done. Chemists of Spencer Kellogg & Sons, Inc., one of the world's largest manufacturers of castor oil, have perfected a wonderful process whereby castor oil is freed from all nauseating taste. Strength and purity remain absolutely unchanged—a 100% pure castor oil; the same castor oil that your doctor prescribes, but with the nauseating taste eliminated. Think what a boon Kellogg's Tasteless Castor Oil is to children and even grownups. Sold by all druggists. If you want a castor oil absolutely without nauseating taste, insist in genuine laboratory filled bottles, plainly labelled Kellogg's Tasteless Castor Oil. Three sizes 15c., 35c., and 65c.—(Advt.)

## Farmers The Victims

The federal department of labor's bureau of statistics is authority for the statement that twenty-seven of the forty-three standard articles which make up the American family's market basket declined in price in the month ending August 31. This is good news and may there be more of it.

Previous to this time government drives on the high prices of food have accomplished nothing for the consumer, but have served only to reduce the price received by the producer and have cost the farmers of the nation millions of dollars.

In July, 1919, for example, No. 2 corn was quoted in the Chicago grain market at \$2.19 a bushel. A year later the same corn was selling for \$1.50 a bushel a decline of twenty-nine percent. In a corresponding period the price of hogs decreased thirty-three percent and wool forty-three percent. No other cause for the unusual drops can be found.

At the same time the prices of these commodities when they reached the consumer had actually increased anywhere from twenty-four

to forty-eight percent, when they were decreasing at the source of supply.

This is a condition which should not exist and the report of the department of labor at least holds out a hopeful sign. The retail price of potatoes fell off forty-four percent, the report says, and sugar prices went off during the thirty-day period fourteen percent. It is high time that the consumer was feeling some relief, especially in view of the fact that the producer has been feeling the effects of declining prices.

"Forget the war" and "Forget Maine" are two things democratic speakers strongly admonish. But the people are not going to forget that Maine points the way to a big republican victory in November and that the war extravagances of the national administration provide one of the reasons.

The next county picnic ought to be arranged so that everyone could participate—not only in the eating, but in the providing of the food as well. Anyway, it would be a mistake not to keep alive the good spirit which was found last Friday to be prevailing among the people of Rush county.

John Dyer had a happy way of referring to farmers as country business men—and the average person is coming to understand that running a farm requires as much business ability and judgment as operating any other kind of business.

Candidate Cox has loosed off fifteen million, declaring at San Francisco Saturday that the republican campaign fund would not be less than \$15,000,000.

It may not be deducted that Ed Fisher, the eccentric who warned New Yorkers of the Wall Street bomb explosion, was a crank simply because he played tennis.

Hunger striking is getting to be a fad and it might be one way of escaping the high cost of living.

## Current Comment

## Still Talking Tariff

(Los Angeles Times)

Senator Harding is of the opinion that the tariff will be an issue in the present campaign. He is right about it, at that. The tariff may be a prosaic and tedious issue, but conditions may make it an important one. If the American workmen are to maintain the high standard of wages the tariff will be necessary when the rest of the world is hard at work and seeks America as a market. Labor costs are much less in the old countries and we cannot compete with Europe on a purely man-power basis—at least while suffering from union stagnation. Furthermore, with government costs so high and tax burdens so onerous it is a wise policy which would make the importations pay as great a proportion of this excess as possible. Adequate import duties on the luxuries and nonessentials and a tariff high enough on staples to conserve the home market would be an expedient administrative policy. Senator Harding favors placing authority in the hands of a tariff commission. Congress cannot be expected to have always at hand sufficient information on differentials and rates as to act promptly and wisely. The tariff is a matter for experts with a knowledge of international conditions.

"I'm mighty glad a friend of mine told me about Dreco, for I was about to stop work and go home for I felt so bad," said Mr. George Stowe, who lives on South Ohio Ave., Muncie, Ind.

"Every morning I'd get up feeling tired, stretchy, no account and with a nasty taste in my mouth. Often at work I'd get so dizzy that I'd have to sit down till it passed off. One day a friend of mine advised me to try Dreco, for lots of people around here were praising it so highly. He had taken it himself and it had done him a lot of good, so I got a bottle."

"This Dreco went right straight to my liver and worked it off which put a stop to those dizzy spells, headaches, and foul taste in my mouth. Every morning now I roll out feeling great, full of energy and fit for work. I feel better than I have in months, so it is easy to see why I am recommending Dreco to others."

All druggists now sell Dreco and it is being especially introduced in Rushville by F. B. Johnson & Co.—Adv.

THIS STUPID BOY  
IS MISCHIEF MAKER

Charles E. Hughes, Republican Candidate in 1916, Indicates He Is For Sen. Harding

## STATE CONVENTION SPEECH

(By United Press)

Trenton, N. J., Sept. 20.—In a speech attacking the league of nations covenant as it stands and particularly Article 10, Charles Evans Hughes, former supreme court justice and a candidate for president in 1916, signified his entrance into the campaign for Senator Warren G. Harding and Governor Coolidge.

"Forget the war" and "Forget Maine" are two things democratic speakers strongly admonish. But the people are not going to forget that Maine points the way to a big republican victory in November and that the war extravagances of the national administration provide one of the reasons.

The next county picnic ought to be arranged so that everyone could participate—not only in the eating, but in the providing of the food as well. Anyway, it would be a mistake not to keep alive the good spirit which was found last Friday to be prevailing among the people of Rush county.

"Article 10 is a mischief maker," Hughes stated, in an address to the New Jersey state convention Sat-

urday.

"It belongs to the category of alliances to make war and is opposed to American principles. It serves to make disputes and not to heal them. It is the real vice of the covenant."

Hughes contended this article imposes obligations upon the signa-

tures of the treaty.

"The obligations are immediate," he declared. "It awaits no action of the league to oppose it. It is of no avail to call the obligation a moral one."

He continued that the president might under article 10 push this country into war without even waiting for congress. He characterized the objections regarding the Monroe Doctrine as ambiguous. A considerable portion of the Hughes speech was devoted to the present administration.

## WHAT MAKES A BANK GROW?

Careful, thoughtful, diligent men and women are more likely to have money to put in a bank than careless, idle, thoughtless men and women.

A careful person in choosing a Bank considers first, safe conservative management, and then—**SERVICE**, which includes Courtesy, Accuracy, sufficiently well trained men to do the bank's work quickly, smoothly and accurately.

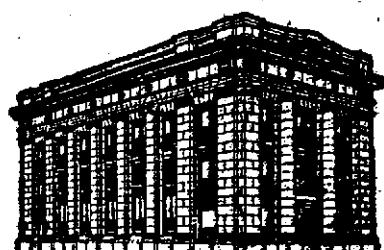

He wants, also a commercial bank to be able to lend him as much credit as his business needs and is entitled to borrow.

So when you see a Bank grow from year to year you may know that it is the kind of Bank into which the kind of people who have money like to put their money.

THIS BANK WELCOMES NEW BUSINESS.

**THE PEOPLES NATIONAL BANK**  
RUSHVILLE, INDIANA

"The Bank For Everybody."

## THRIFT

The one habit modern boys and girls need most to cultivate is Thrift.

The Bank or Trust Company is the best help toward Thrift.

Nothing means more toward the welfare of a young person than a Savings Account.

Savings Accounts and Time Deposits Earn Interest.

The Small as Well as the Large Account Welcomed.

**THE PEOPLES LOAN & TRUST CO.**  
RUSHVILLE, INDIANA  
"The Home For Savings."

The Ladies Aid Society of the First United Presbyterian church will be entertained tomorrow afternoon at the home of Miss Mary Fisher, of West Ninth street.

Mr. and Mrs. Asa Lewis were the dinner guests of Mr. and Mrs. Fent Johnning today at their home in West Fifth street. Mr. and Mrs. Lewis will leave soon for their new home in Covington, Ky.

Mr. and Mrs. J. R. Dearinger driving west of the city had as their dinner guests yesterday Mr. and Mrs. James Beabout of Manilla and Mr. and Mrs. G. W. Krammes.

Mr. and Mrs. Ed Short entertained with a dinner party yesterday at their home in West Second street, the following guests: Mr. and Mrs. Clyde Heath of this city, Mr. and Mrs. Otto Williams and Mr. and Mrs. Lease of Franklin, Ind.

Mr. and Mrs. Carl Ging entertained with a prettily appointed dinner party yesterday at their home near Raleigh. Covers were laid for Mr. and Mrs. Rich Miles, Mr. and Mrs. Will Fry, Mr. and Mrs. Irvin Walker and Mr. and Mrs. Lloyd Nelson and children, of Rushville.

Miss Letha Alice Foster, daughter of Mr. and Mrs. Alonzo Foster, and William T. McDaniel, son of Mr. and Mrs. Claude McDaniel, were united in marriage Saturday evening by the Rev. L. E. Brown, pastor of the Main Street Christian Church. The bride lived in this city and the bridegroom lived near Carthage.

Miss Julia Neal, daughter of Mr. and Mrs. Theodore Neal, and Albert Bullard, son of John Bullard, both of this city, were quietly married Saturday evening at the Main Street Christian parsonage by the Rev. L. E. Brown. Mr. and Mrs. Bullard will make their future home here where the former is employed.

The Inter Nos club was delightfully entertained at the home of Mrs. Oliver Fletcher near Homer last Thursday afternoon. The hours were enjoyed socially with music and contests. Refreshments of orange ice, cake and lemonade were served. The members present were Mrs. Byron Gates, Mrs. Margaret Miller, Mrs. Albert Updike, Mrs. Oscar Williams, Mrs. Marion Fletcher and Mrs. Conrad Posz. The guests were Mrs. Frank Fletcher, Mrs. Ernest Corrie and Ethel Posz.

Mr. and Mrs. Thomas Mosburg entertained at their country home east of the city Sunday with a high noon dinner party. The table was centered with a bouquet of fall flowers, and covers were laid for the following guests: Mr. and Mrs. O. L. McKnight and children of Newcastle, Mr. and Mrs. L. M. Coons of near Homer, Mr. and Mrs. Harry York and son Harold of Glenwood, Mr. and Mrs. Russell Coons and Fred, Vern and Wilbur Mosburg, Frank, Harry and Alex Coons of near Homer.

The Inter Nos club was delightfully entertained at the home of Mrs. Oliver Fletcher near Homer last Thursday afternoon. The hours were enjoyed socially with music and contests. Refreshments of orange ice, cake and lemonade were served. The members present were Mrs. Byron Gates, Mrs. Margaret Miller, Mrs. Albert Updike, Mrs. Oscar Williams, Mrs. Marion Fletcher and Mrs. Conrad Posz. The guests were Mrs. Frank Fletcher, Mrs. Ernest Corrie and Ethel Posz.

## RAISE \$30,000 FOR PURDUE MEMORIAL

To Build Student Buildings on Campus to Serve as Memorial for Purdue Ex-Service Men

### WONDERFUL SPIRIT SHOWN

Million Dollar Fund Drive Expected to be Completed the First of the Year

Lafayette, Ind., Sept. 20.—Approximately \$30,000, most of it in small subscriptions, of \$50 or \$100 has been received during the last three weeks from graduates and former students of Purdue University throughout the country, as voluntary subscriptions to the million dollar fund for a student building on the campus to serve as a memorial to the 4,000 Purdue men and women who served in the world war. The Purdue Union committee, composed of alumni, faculty members, and students, is highly gratified with results already obtained, especially since the several hundred donors have sent in their subscriptions without personal solicitation. The \$30,000 does not include the \$100,000 or so raised in the Tippecanoe county drive, considerable of which was given by alumni.

"The graduates and former students not only in Indiana, but in every other state are showing a wonderful spirit toward the campaign for funds for the memorial building and they are sending in their subscriptions readily," said Prof. Thomas F. Moran, chairman of the committee. "We are well started on the first quarter of our big race and the way the alumni are organizing everywhere to put over the drive in a hurry means everything in the success of the campaign."

Every mail brings in from eight or ten to as high as 25 subscriptions and so far none of them have been under the \$50 minimum set by the alumni association for former students or the \$100 minimum set for graduates. The figures total more than \$1,000 a day and several days have reached about the \$2,000 mark. It is hoped to complete the drive by the first of the year so that the building may be started as soon as material prices reach a lower level.

## HARDING TO TALK TO TRAVELING MEN

100 State Salesmen Expected to Greet the Senator on His Front Porch Sept. 25

### ARRANGE FOR SPECIAL TRAIN

Indianapolis, Sept. 20.—Homer Beals, of Noblesville, president of the Indiana Travelers' G. O. P. League, has received word from Harding headquarters, at Marion, Ohio, that Senator Harding will deliver a special address to the Republican traveling men when they meet the Senator on his front porch Sept. 25.

Mr. Beals is making arrangements for a special train from Indianapolis and expects at least 300 Indiana salesmen to make the trip. The train will leave this city at 7:45 a. m. Saturday, Sept. 25, and will return that night.

The subject of Senator Harding's address will be "Business", Mr. Beals said.

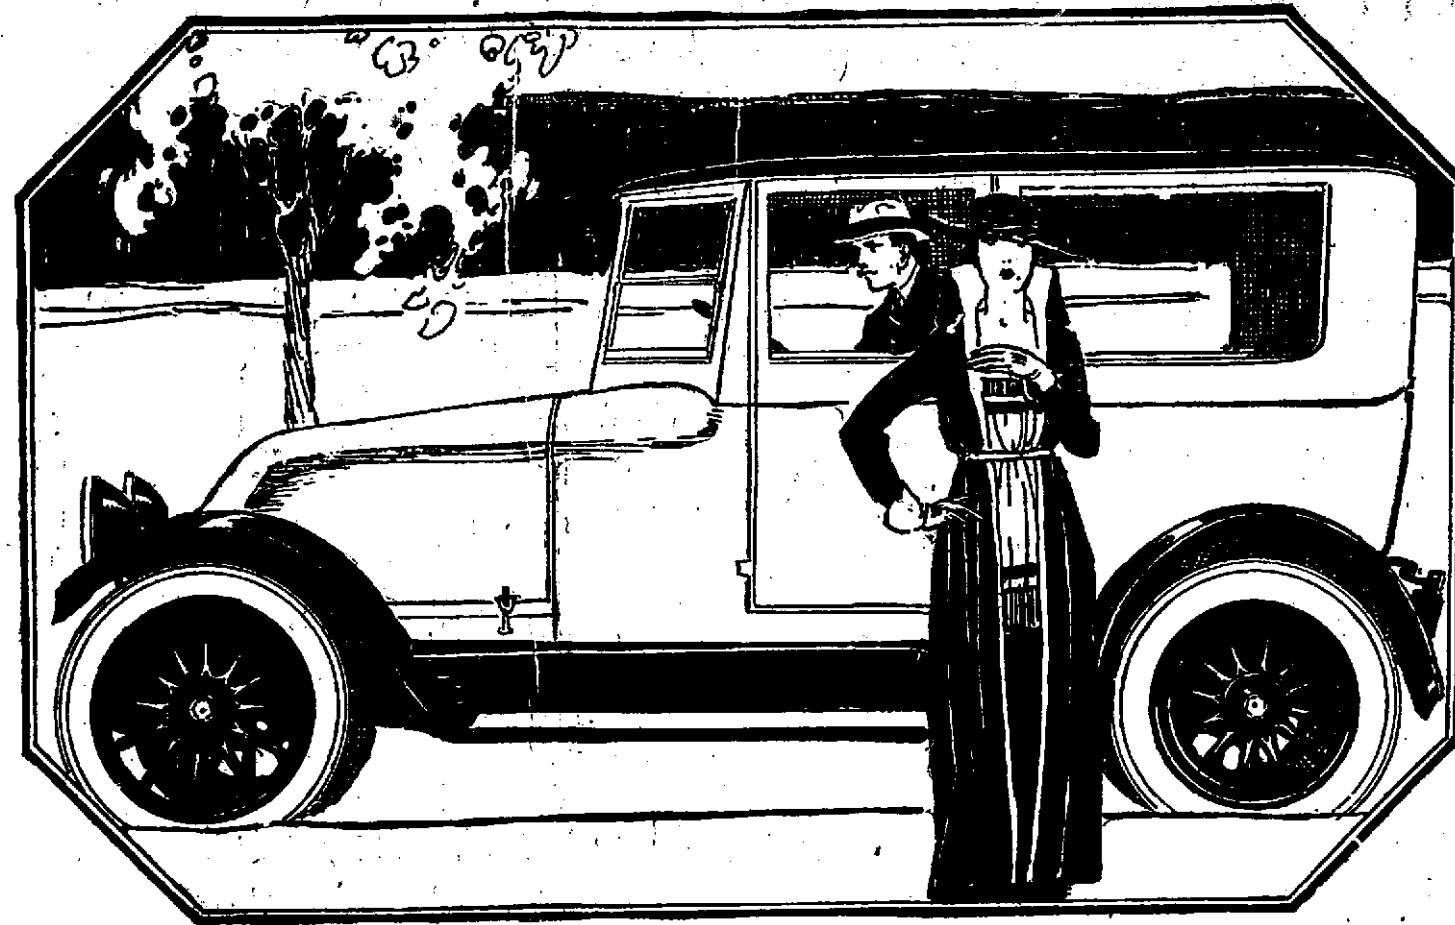

Traveling men from all over the nation are to meet at Marion to hear his address. President Beals declared that the salesmen of the country are practically united in favor of Harding for president and stated that every member of the Indiana organization is working actively in the interest of the national and state Republican ticket.

Beals has extended an invitation to all traveling men to join the Indiana party. The train will pass through Anderson, Muncie, Winchester and Union City.

### PHI DELTS WIN GAME

The Phi Delt base ball team defeated the high school Friday afternoon on the West Third street grounds, 19 to 14. Bob Conway did the pitching for the Phi Delt's and the high school worked three pitchers, two of them being knocked out of the box. Edlin, Lowell Headlee and Aikens were all on the mound for the high school.

The Sexton Missionary Society will give an ice cream festival next Wednesday evening, September 22, in the town hall. The public is invited.

## THE FRANKLIN SEDAN

MOTORISTS are turning to the Franklin Sedan in large numbers because they are convinced that it does what a car should do.

*20 miles to the gallon of gasoline  
12,500 miles to the set of tires  
50% slower yearly depreciation  
(National Average)*

Taken together, these results indicate the greatest automobile efficiency.

Taken separately, they are the best evidence of another kind of efficiency, even more important.

### 1. *of gasoline also means* Easy Control

Light weight and less friction make the Franklin roll more easily than any other car. Easy-rolling light weight not only uses less gasoline, but is safer—and easier to start, to stop, and to guide.

### 2. *12,500 miles to the set of tires proves* Comfort

The Franklin does not pound out tires. Neither does it jolt nor jar its riders. Comfort and tire economy depend upon the same thing—flexibility—in which the Franklin stands alone.

### 3. *50% slower yearly depreciation indicates* Reliability

Depreciation is the best gauge of car reliability. Franklin quality of materials and kind of construction give less trouble and require fewer repairs over a longer life.

*Complete demonstration at any time*

## Gasoline to Help Lower Food Prices

"Of all gasoline manufactured in the United States, 67.6% is used by automotive vehicles." (Oil News, 7-5-1920, p. 48.)

"Of all the motor vehicles in use in the Middle West, 65% of the total registration are farmer-owned" (Arthur Capper Address, 1920). Gasoline is taking the place of vanishing man-power on the farms; and not only does it reduce the man-hours required to produce a given amount of food, but it also reduces the actual cost of production, and this despite the advancing price of gasoline. (H. W. Quaintance "Influence of Farm Machinery on Production" Power Wagon Reference Book, 1920, page 561.)

Authorities agree that gasoline is a most important factor in the production and distribution of food products.

When gasoline is employed universally to increase the efficiency of man-power on the farm, we may look for vastly increased production and a consequent decrease in the cost of producing food.

In the eleven Middle West states served by the Standard Oil Company (Indiana) more than 100,000 tractors are in use, and the number is increasing rapidly.

In the states served by the Standard Oil Company (Indiana) the number of farmer-owned motor trucks is as follows:

Kansas	1,732
Iowa	2,773
Illinois	2,261
Indiana	1,548
North Dakota	501
South Dakota	1,708
Michigan	1,626
Minnesota	1,255
Missouri	2,565
Wisconsin	1,463
Oklahoma	723
Total	17,567

(U. S. Department of Agriculture states that only about 75% of total farmer ownership was reported.)

The distribution service of the Standard Oil Company (Indiana) brings petroleum products quickly and cheaply to the farm when they are most needed.

It is the plan of this Company to make its distribution facilities the most perfect system of its kind in the world. To do this, largely increased equipment is being installed. To supply this vast network of stations, trucks, tank wagons, etc., the Manufacturing Department is bending its energies to devise means for producing an ever increasing percentage of gasoline from the crude oil obtainable, and at the same time to keep users of other products of petroleum supplied with their needs.

## AN OLD DOCUMENT SETTLES DISPUTE

Affirms First Shot of Louis Riel's Second Rebellion Was Fired by His Halfbreed Followers

### WHITE MEN CLEAR OF CHARGE

Affidavit Which Was Sworn to Before S. Brewster in 1885 Is Still Quite Legible

Regina, Sask., Sept. 20.—Soaked by the rains, buried beneath the snows and blown about the prairies by the winds of thirty-five years, a document which settles a point that history leaves in doubt has just been found near Regina.

It is an affidavit sworn to by Corporal Hugh J. A. Davidson of the Royal North West Mounted Police and affirms that the first shot of Louis Riel's second rebellion in 1885, was fired by his halfbreed followers. Some writers have contended that the whites precipitated the conflict that drenched western Canada in blood.

The first battle of the war fought at Duke Lake a village near the North Saskatchewan river at the northern limit of the lands which were left by Canada to the Hudson's Bay company in 1870 and are now being closed out to farm settlers. Major Crozier in command of eighty settlers and North West Mounted Police fell in near the little settlement with a greatly superior force of rebels. While a parley was being held between the leaders, firing began. The fight lasted an hour. The half-breeds fled on their horses carrying away seven wounded but leaving twelve dead on the field.

Riel's victory caused the Indians to join the insurrection. But it also sounded his own death knell. The settlers rose in defense of their homes, troops hurried from the east and the rebellion was crushed. Riel was hanged at Regina.

Speaking like a voice from the grave, Corporal Davidson swears in his affidavit that the first shot came from one of Riel's half breeds crouching in the wolf willows and whistled past his head. "Until Major Crozier gave the order," he says, "no shot was fired by any of our party."

The weather-beaten old affidavit was sworn to before Stephen Brewster, a notary public at Prince Albert, May 30, 1885. Despite wind and weather, it is still quite legible. If, as is supposed, it was lost at Prince Albert, it had traveled 250 miles when its wind-blown journeys ended at Regina.

## DRAFT HORSES ARE SCARCE IN INDIANA

Reports Received by Dr. E. L. Northrup Indicates Tractor Has Made Inroads on Them

### THEIR VALUE TO INCREASE

Indianapolis, Ind., Sept. 20.—Draft horses in Indiana are becoming extremely scarce, according to the reports of the state veterinarian, Dr. E. L. Northrup who has been making a survey of the animals in the state.

"Since the tractor has started to do the work of the draft horse on the farm, the majority of the breeders has taken to breeding lighter horses, such as race horses and are not devoting their breeding animals to the draft stock because they believe the cost of feeding the animal and taking care of it for four years will not bring a large enough price to cover the expense of its maintenance," Northrup said.

"I believe that if the breeders pay more attention to the breeding of draft horses that they will more than pay for the care that they have given the animals during the time which they are unable to work."

"I also believe that in four years a good draft horse will be worth as much as four or five hundred dollars."

"The tractor and the automobile cannot take the place of horses in every instance but I will admit that they can in ninety out of a hundred cases."

According to Dr. Northrup, draft horse breeding has fallen at least eighty percent in the last few years.

## 500 ILLEGAL FISH NETS ARE BURNED

Since April 1919, State Department of Conservation Has Destroyed \$15,000 Worth of Them

### PHOTOGRAPHS OF THEM TAKEN

Indianapolis, Ind., Sept. 20.—Three hundred persons demonstrated their pleasure as they witnessed the burning of a huge pile of confiscated illegal fish nets and seines Sunday at Riverside park state fish hatchery, by taking pieces cut from the nets, wooden floats and sinkers away as souvenirs.

The nets were piled together, saturated in kerosene and made an imposing conflagration. There were 100 of them of all sizes and description, the largest being 350 feet long. Several measured 250 feet and the value of the collection was \$3,000.

According to George N. Mannfeld, chief of the division of fish and game, the department of conservation since April 1919 has burned at the Riverside hatchery over 500 illegal nets of the value of \$15,000. In the eighteen months warden have worked under the department, it is estimated they have confiscated and destroyed at least two carloads of nets. Because of the bulk of some nets, especially hoopnets, they usually are destroyed where they are confiscated and photographs taken of the burnings in order to establish proof of their destruction according to law.

## FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35¢; an extra large bottle, \$1.00. It will not stain; is not greasy or sticky and is positively safe for tender, sensitive skins.

The E. W. Rose Co., Cleveland, O.

## DISSOLUTION SALE OF Personal Property

We, the undersigned, will offer for sale at Public Auction on the Geo. E. Moore, Jr., farm, located just south of the Rushville and Shelbyville Pike, one mile west of Rush County Court House, on

**TUESDAY, SEPTEMBER 28th, 1920**

## PLANS OF WORK FOR CONTROL OF BEETLE

Quarantine Against Insect—Will Be Rigidly Enforced.

Poisoning With Sodium Cyanide in Water Will Be Practiced on Soils Badly Infested With Larvae or Grubs—Nets to Be Used.

At a recent conference of officials of the United States department of agriculture and the New Jersey department of agriculture, held at Riverton, plans of work for the control and suppression of the Japanese beetle were thoroughly gone into. Provision has been made thoroughly to inspect and certify products found free from the insect, including greenhouse and nursery stocks, fruits, vegetables and farm crops. While the quarantine will be rigidly enforced, it is believed that no serious interruption will result to the movement of most farm and other products from the infested territory. In control of the beetle, several methods of attack will be followed. Poisoning with sodium cyanide in water of such soils as are badly infested with the larvae or grubs will be practiced. Several million beetles, it is believed, can be captured by sweeping infested plants with nets. A band of vegetation from one-half to one mile wide surrounding the infested area will be kept thoroughly poisoned with insecticides sprayed or dusted on the plants. To prevent accidental carriage of the beetles on automobiles and other vehicles and on pedestrians, the roadways have been cleared, by grubbing and burning of food plants of the beetle. The weed food plants will be kept down by the use of large quantities of weed-killing chemicals. Attention is being given to the introduction of parasites of the beetle from Japan. An agent of the bureau of entomology is already in Japan, engaged upon the work.

The officials connected with this project believe that the operations of 1920 will pretty definitely indicate what can be expected from large-scale operations in suppression of the beetle.

## PROTECT TREES FROM SWINE

Damage Can Be Reduced by Providing Rubbing Posts for Hogs Infected With Lice.

Very young trees can be protected from damage by hogs by providing rubbing posts and keeping the hogs free from lice. The animals will not rub against the trees so as to injure them if they are free from vermin. A good hog oiler is a great help in this case.

## NOTICE TO NON-RESIDENT

The State of Indiana, Rush County, In the Rush Circuit Court, September Term, 1920; William O. Wright vs. Elva Herbst. Complaint No. 2172.

Now comes the plaintiff by Donald L. Smith, attorney, and files his complaint herein, together with an affidavit that the residence of the defendant Elva Herbst is unknown, and that diligent inquiry has been made to ascertain the residence of said defendant, but that said inquiry has not disclosed the residence of said defendant.

Notice is therefore hereby given said defendant, that unless she be and appear on the 4th of November, A. D. 1920, at the Court House in Rushville in said County and State, and answer or demur to said complaint, the same will be heard and determined in her absence.

In witness whereof, I have hereunto set my hand, and affixed the seal of said court at Rushville, this 9th day of September, A. D., 1920.

LOREN MARTIN, Clerk.

Sept. 3-20-27-Oct4

## NOTICE OF ADMINISTRATION

## This ghost was a 1920 model

LAST MONTH, on a halloween,  
WITH THE boys up home,

I SPENT a night,

ALONE IN the old,

HAUNTED HOUSE,

AND WHEN I heard,

MOANS AND groans.

I SAID "The wind."

AND TRIED to sleep,

I HEARD rappings,

AND SAID "Rats."

AND ROLLED over,

THEN I heard steps,

AND IN the light,

OF A dying moon,

A WHITE spook rose,

I WASN'T scared much,

BUT DIDN'T feel like

STARTING ANYTHING,

BUT THEN I caught,

JUST A faint whiff,

OF A familiar,

AND DELICIOUS smell,

WHICH TIPPED me off,

SO I gave the ghost,

THE HORSE laugh,

AND SAID "Ed,

YOU FAT guys,

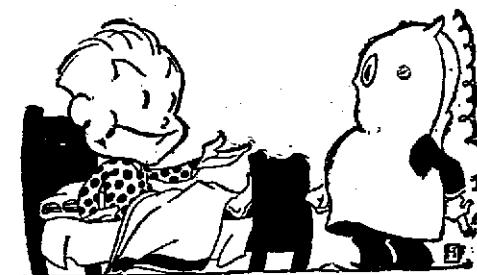

MAKE BUM ghosts,

BUT BEFORE you fade,

LEAVE WITH me one,

OF YOUR cigarettes,

THEY SATISFY!"

THAT spicy, delicious aroma of fine tobaccos, both Turkish and Domestic, makes you almost hungry for the "satisfy-smoke." And there isn't a ghost of a chance you'll ever find its equal anywhere—for the Chesterfield blend is an exclusive blend. It can't be copied.

In packages of 20 protected by  
special moisture-proof wrapper.  
Also in round AIR-TIGHT tins of 50.

*They Satisfy*

# Chesterfield

CIGARETTES

*Lightly and easily*

what they can to stave off the coming disaster. Every little patch that there is labor to cultivate is under crops. But the country has been drained, not merely of its resources but of its manhood. There are not men enough left to do the necessary work. In the little town of Spuzh, for example, of the 673 men who went out to fight at the beginning of the Balkan wars, only 72 have come back, and many of these are crippled.

The population is largely made up of widows and orphans. But, indeed thanks to the splendid work of the Americans, and to the generous collaboration of the Serbian Government, it is nowadays rather an advantage in Montenegro to be an orphan. Whenever you see a chubby, red-cheeked child, you may be pretty sure he is an inmate of one of the many orphanages they have set up.

### WILL SPEAK IN BALTIMORE

Senatorial Harding's Southeastern Trip is Announced.

Marion, O., Sept. 20.—Senator Harding, accompanied by Mrs. Harding, will leave Monday, September 26, for Baltimore, arriving in the afternoon, according to details of his southeastern trip which have been announced here. He will make speeches in West Virginia and Kentucky also.

The republican nominee addressed a front porch delegation of Americans of foreign birth Saturday, warning against America's attempts to meddle in European affairs.

"Let us pray," he said, "that America shall never become divided into two classes and shall not be the means of hyphenating citizenship."

**Eye of the Ostrich.**  
The ostrich's eye is as large as an ordinary marble. He has microscopic vision and can see the most minute particle. The eyelid does not move over the eye. Instead there is a film which flashes across it from time to time, somewhat like the shutter of a camera.

**Marble Cheaper Than Pine.**  
The United States commercial attaché in Rome reports that imported pitch pine now costs more than native Italian walnut, and that builders save money by making stairways of marble instead of yellow pine.

### HAPPY WOMEN

Plenty of Them in Rushville, and Good Reason for It

Wouldn't any woman be happy. After years of backache suffering, Days of misery, nights of unrest, The distress of urinary troubles, When she finds freedom.

Many readers will profit by the following.

Mrs. Will Wolf, 1021 N. Oliver, St., Rushville, says: "I was having quite a bit of trouble with my kidneys. My back was weak and ached all the time. My kidneys acted irregularly and I had headaches and dizzy spells. As others of my family had used Doan's Kidney Pills with good success, I got some at Pitman & Wilson's Drug Store. After finishing a few boxes I was cured and I haven't had any trouble since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wolf had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.) 2

MR. BUYER OR SELLER,

Rush County, Indiana.

Dear Sir:—When you buy or sell real estate now, you will need an abstract of title. Especially if you sell.

I have been in the abstract of title business in Rush County for 20 years. During this time I have made abstracts of title for many of your acquaintances. Talk to any of them and when you need an abstract of title I will be glad to have your order.

My office is No. 111 N. Main Street, Rushville.

Yours truly,

LOUIS C. LAMBERT,
